Hey Sue babe

Well it looks like high schools
over for me, to bad you can't come
with me, that is into the big world
Yeah right bud! We really must
party it up this summer cause it
might be the last of them. You're
one of the personalities that I'll
never forget, and I just get it out
of the way cute sweet nice you
already new I thought all that
right, good cause I do very much.
All those times we went and got
thrashed at lunch were the funnest
times I ever had during school, and
you're the only one that's far enough
to have done it with me, Any other
pin heads would have been stupid.
Thank you for being so great sue.
Good luck as a stud by senior chicks
and get thrashed for me next year.
Have a great life.

Sue,
Well another
year has gone by
and we only have
left!! This year was
fun even though we
had our ups & downs, but
I hope we can become better
friends cuz your really fun,
sweet, cute, and I wish you
would gain weight!! (Aren't
I nice) Well let's do
something over the summer
this one is going to be
best for me (I'm
well so be
it)

SUMMER

Sueam, now you had
a good year I'm glad I
got to know you! Cause
at the beginning of the
year I thought you and
Michelle hated me!
So I'm glad we are
friends! Good
luck with
tom!

Call me
over the
Summer.

SUSAN,
It was great
having you in Mr. Kayda's
class this year. I'm real glad
that we got to be friends this year,
and I hope we can get to be even better.
Have a great summer, and give me a call sometime.

Susie,
It was great
knowing you last year
this year too. But this year
it was more of a Hi and

if we had a class together
we'd of had fun! If you
need to know about
anything just
pick up the phone

Sisunga

... means a place for the war-
rior spirit. The students prove
that Alta Loma is "Sisunga"
with their enthusiasm in all that
they do. Because of every stu-
dents friendship towards oth-
ers, traditions kept with pride,
and spirit shown every day,
Alta Loma can truly say that it
is a place for the warrior spirit.

see you
next year

well I hope you
had a great year next
year will be your last you
better make it your best. I'd be
getting scared if I was you. I'm
really glad we got to become friend this
year because you are so nice & funny. You're a
really great friend. Thank for making me stupid
in math now that I sit by you and Michelle.
But it is worth it you guys are a total crackup.
I know right about now your saying "yeah right"! Thank
for talking to me about Karrie and helping me out.
Whenever I needed anybody to talk to I knew
that you would always listen to my stupid
problems. We better go to the beach or
somewhere this summer. If you ever
break up with Tom which I
don't think you guys ever
will and if I ever break
up with Karrie which I
don't and hope that
we never do. So
we will have
to go out
with me
and
Karrie and
you and Tom

I
♥
Karrie

Sound good. YA right
But thanks anyway for
being so nice to me you
are really a special friend to
me. I hope that you have a great
summer. please don't get any darker. C-YA

riendship is knowing someone will be there through thick and thin.

Friendship can be found all over Alta Loma High School, from the west lawn to the senior table. Everyone has someone who they can laugh with, cry with, and share with.

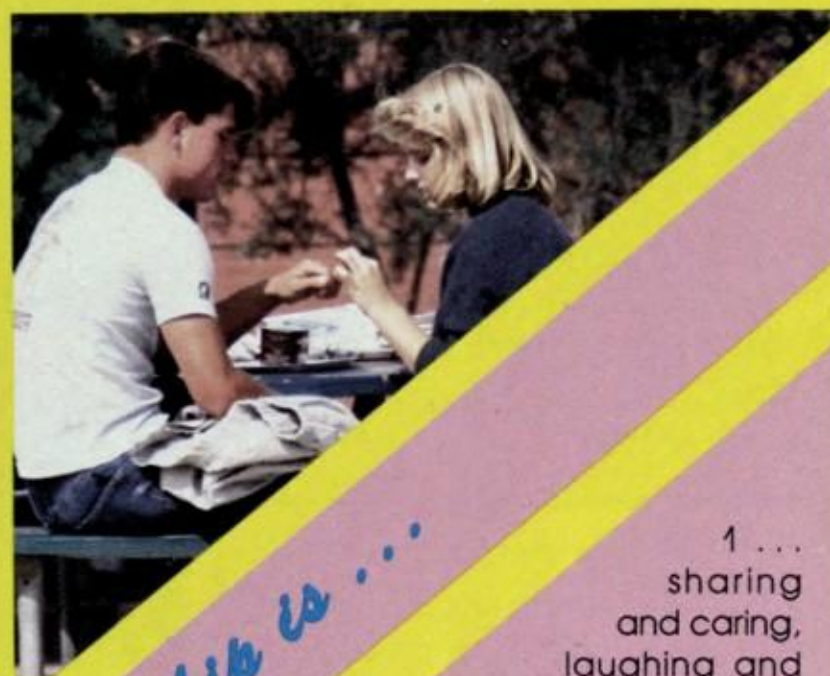

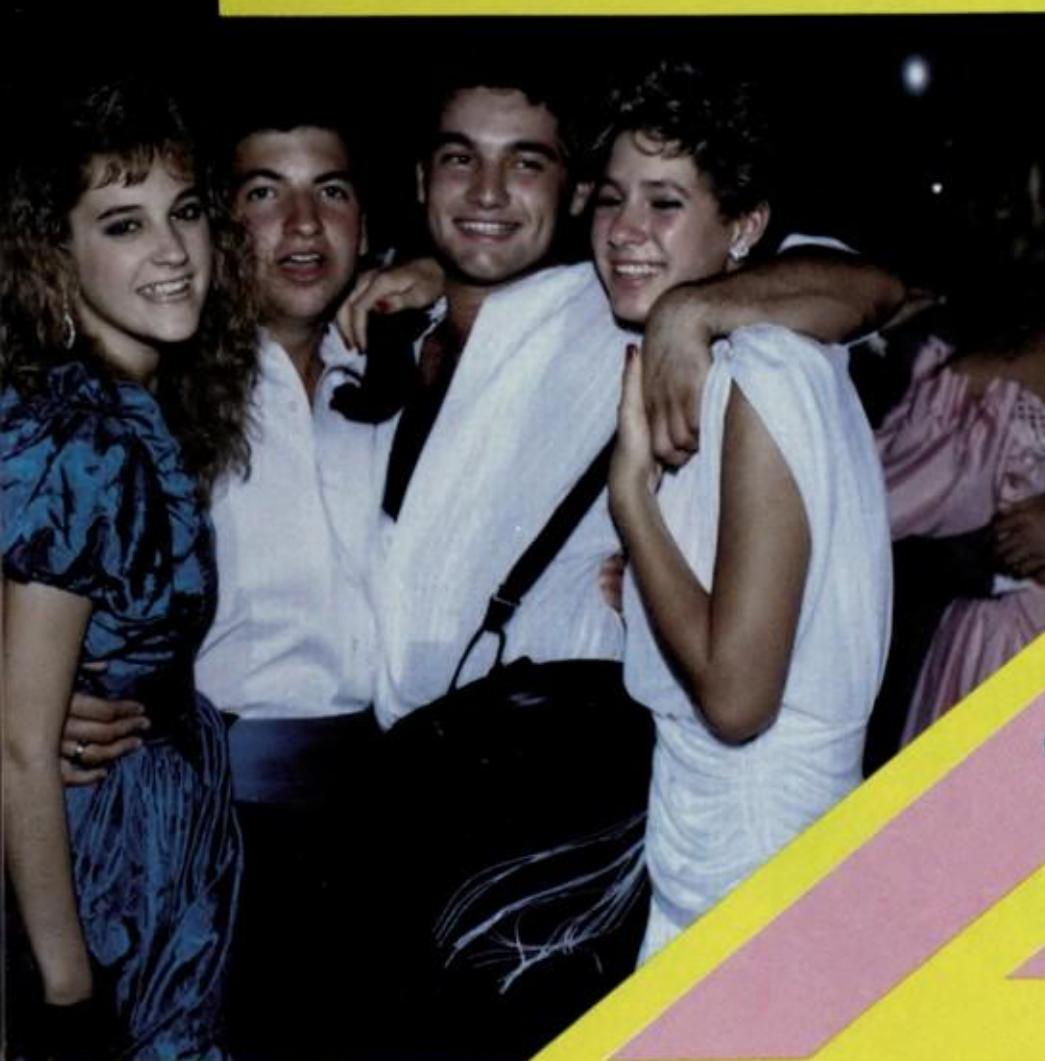

The good times will never end as long as these special friends are by your side. Students show their spirit at games, cheering on our Braves. They carry on such traditions as donut runs and declare their friendship to others.

Mariano Fusco helps Larry Mitchell finish his homework before the bell rings.
Joey Buccheri, hurrying to class, tugs Kimber McNabb along.
Kim Bethel and Susan Fino share some gossip about the "men" in their lives.
This is Anna Gregard's way of thanking a friend for always being there.
Jeff Ruby having lunch with Amy Harlow. "Are we having fun yet?"

Friendship

Friendship is ...

- 1 ... sharing and caring, laughing and crying.
- 2 ... something to be shared.
- 3 ... never having to explain yourself.
- 4 ... getting to know everyone around you.
- 5 ... inevitable at Alta Loma.

Theme

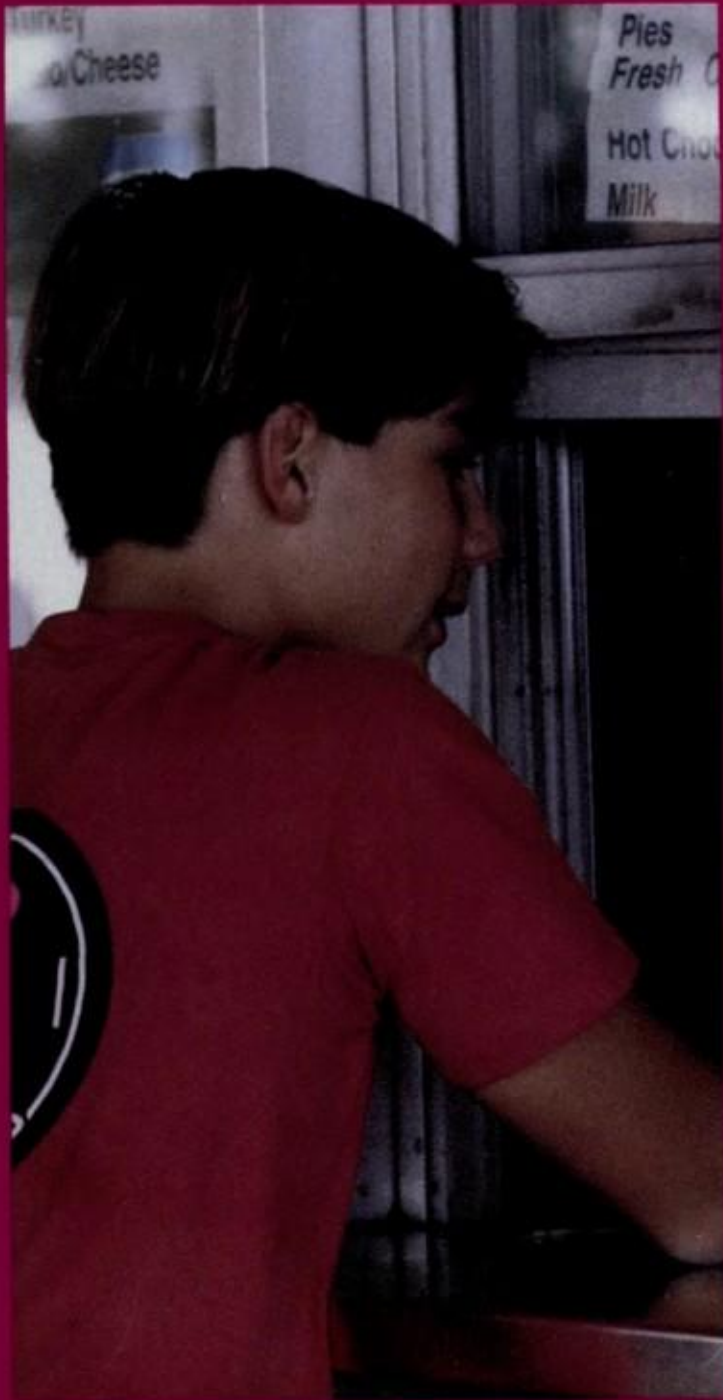

Tradition is the handing down of customs, beliefs, stories, etc. . . . from generation to generation. Tradition here at Alta Loma High is very unique. We have our honorary events such as Homecoming, Kings Ball, Mr. Alta Loma, and Prom that make our traditions sparkle. We also have weekly traditions such as cheering our Braves on at sport events.

Aside from these traditions is one that is almost forgotten — our Alma Mater:

"All hail to Alta Loma High
your colors blue and white.
Our loyalty to you and our
school, shines forth a silvery
light. And near or far, where
e'er we are, our stalwart
banners wave, traditions
true, we shall remain, the
ALTA LOMA BRAVES."

Traditional returning of the previous year's homecoming queen, Ruthie Rush. Alta Loma's traditional Indian mascots, Shannon Cushman and Misty Beidleman. Student at Lunch. Spectacular fireworks from Homecoming 85-86. Traditional Pep Squad; Cindy Fulkerson, Tammi Salas, and Shannon Cushman.

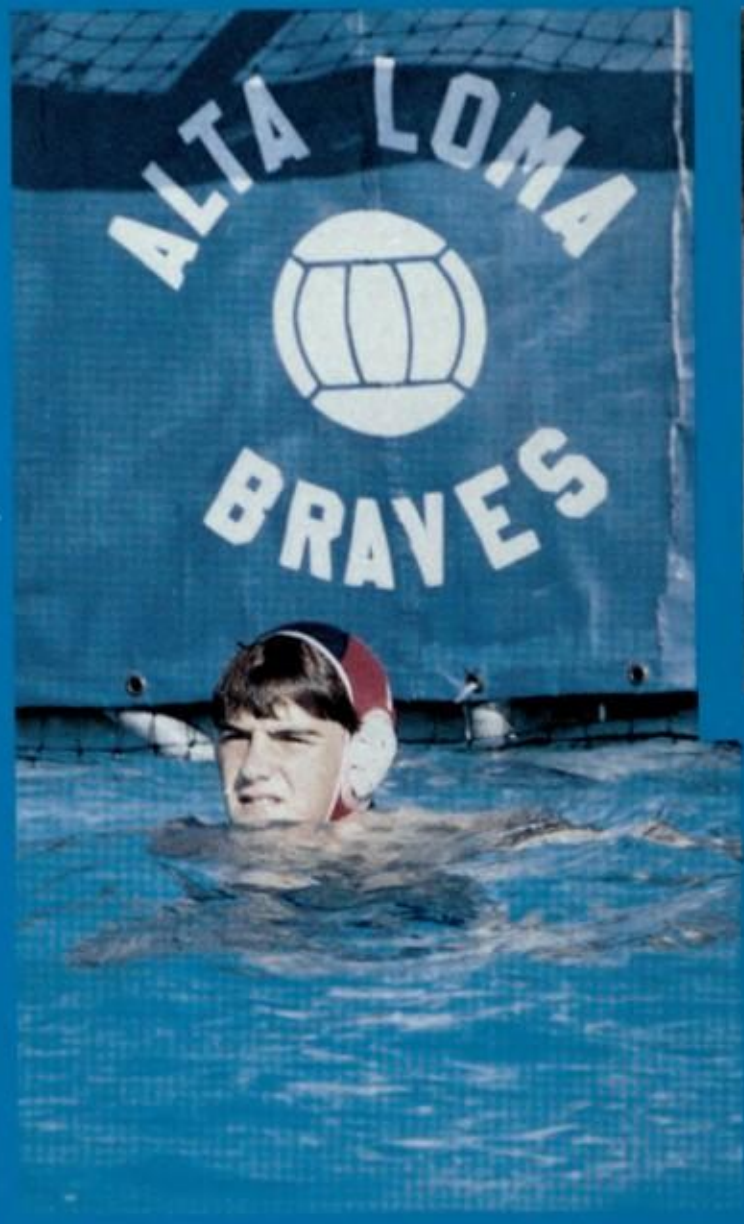

Tradition

Tradition is ...

- 1 ... timeless reminders of years past.
- 2 ... things you should never forget.
- 3 ... never broken.
- 4 ... something cherished for future generations.
- 5 ... forever a part of Alta Loma.

Theme

pirit is enthusiastic loyalty. At Alta Loma High School, the students express their spirit by attending pep rallies, going to athletic events, and participating in the many activities which promote school spirit.

Our cheerleaders build spirit by working up a chant involving the audience to get the team going. Rain or shine the spirit goes on.

Accompanying this, the marching band and attached units in their dazzling array of colored uniforms put emphasis on our feelings of enthusiasm by performing at football games and pep rallies.

Cari and Angie, showing spirit for our team. Chaffey, defending the goal with the traditional A.L. sign behind him. The boys hanging out at the senior spirit rock. The football team, striving ahead for victory. Julie, striking up the band. The crowd, cheering our Homecoming Game of '85. Marching band, bringing us a musical performance at half-time. Our water polo team, fighting for the win.

Spirit

Spirit is . . .

- 1 . . . having pride in your school.
- 2 . . . being involved in activities.
- 3 . . . showing you care.
- 4 . . . never giving up hope.
- 5 . . . contagious at Alta Loma.

A Place For... Memories

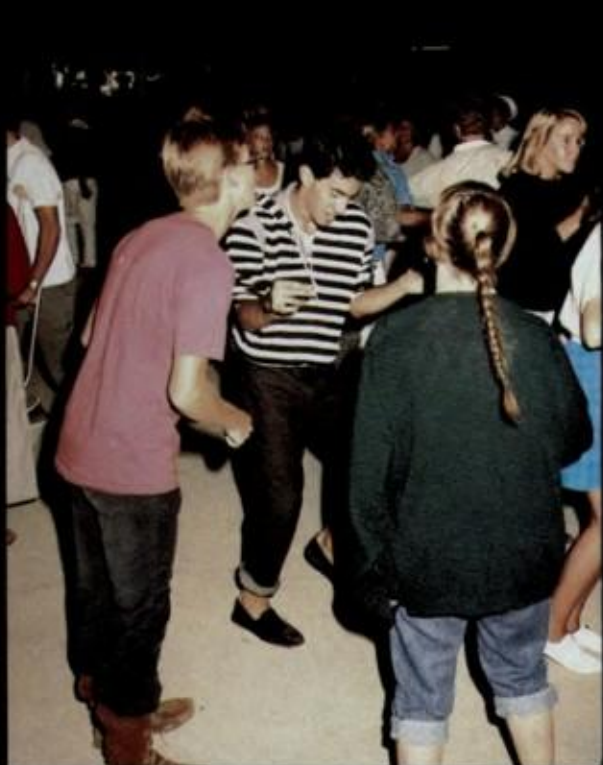

As Seniors the last four years hold very special memories for us both good and bad. These memories will remain forever, as they rightly should, to be remembered as part of our past. Our first love, lunch-time activities, and football games will all be reminisced upon in the future. We'll remember the "A" or the "F" on that English report. All of these memories will be kept forever so that ALHS will be known as a place for memories.

Kami Lopez remembers the special friends she made at A.L.H.S. Brenda Brown and Angie Vallier will always remember the fun they had at the Mr. Alta Loma contest. Tim Patterson, like a bunch of other fans will always remember how loud they cheered at the Sport events. Bev Gaines remembers Alta Loma's team spirit on the Girls Varsity Soccer Team. Troy Cox's favorite memory at A.L.H.S. was thinking of graduation.

It's time to go,
It's time to fly;
Give your friends,
A hug Goodbye.
It's time to graduate
Your four years are done,
Though the years were
long,
It was actually kind of fun.
These are the type of
memories,
That will last for years to
come.
These are the memories
created,
When your four years are
done.

Andy Kesig's favorite memory is sitting in his car at lunch time with the music blaring.

Monica Mahoney remembers the day her friend Sunshine walked into her class and yelled "sorry I'm late."

David Capocci will always remember the friendship of the library staff.

One of Scott Karsten's memories is dancing with his girlfriend.

This 86 clan will remember the 85 Homecoming football game.

One Night Love Affair

You're the silent one
and you caught my eye
but I'd never thought
that I'd be touching you
low was I to know
I let my feelings go
and that I'd be yours
before the night was through

Chorus
One night love affair
trying to make like we don't care
We were both reaching out for something
One night love affair
pretending it ain't there
and now we're left with nothing

When the morning breaks
we go our separate ways
the night was made for love
I ain't for keeps
but I lose control
as I watch you go
all my senses say
I'm in this much too deep
now you're outta reach

Repeat chorus
One night love affair
trying to make like we don't care
We were both reaching out for something
One night love affair
sometimes life ain't fair
and now we're left with nothing

When I Was Young ...

W

hen I was young, boys had flat tops, girls wore girdles, and Elvis was "King." Malts, Cherry Cokes, and going steady were in, and there were virtually no drugs.

Many students took their school name more seriously than they do today. Students today are more "worldly," but I don't feel young people have changed much since I was a senior.

Mr. Rhodes — Govt.

W

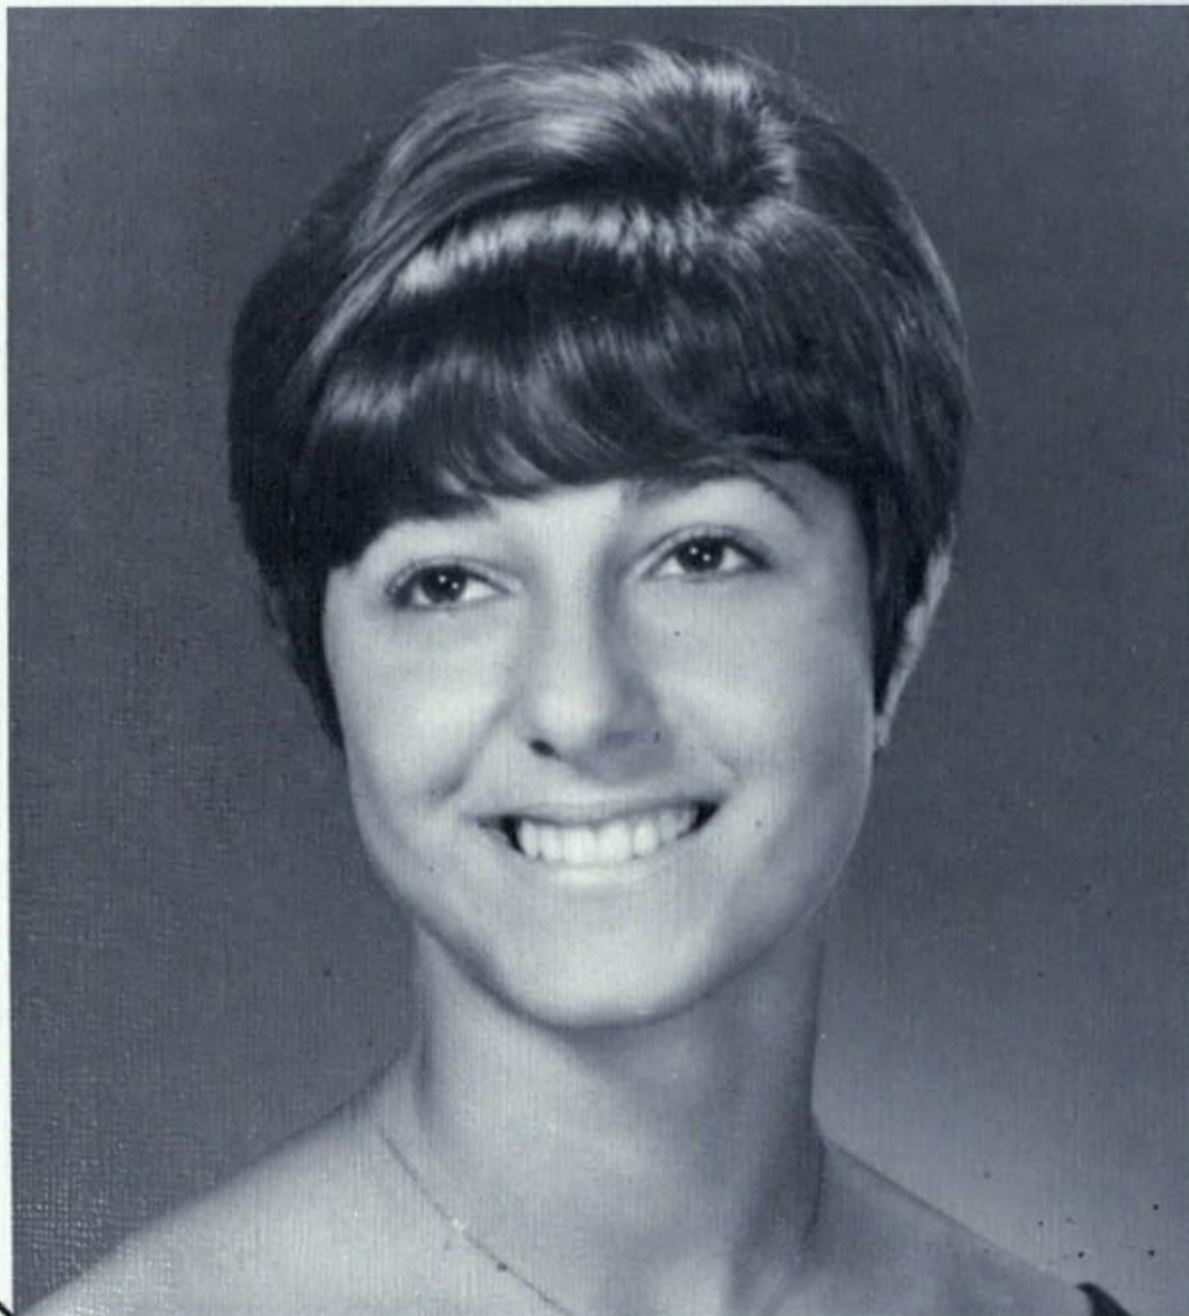

hen I was young, we had just entered the modern stone age.

Our scientists were developing uses for the wheel and schools were teaching the art of fire-making. Our leader had a new idea in "Strategic Defense," which would eliminate the need for spears and arrows. As I think about it now, all that has changed is my age.

Mr. Pickering — Government

When I was young, I never thought I'd get "old." Life seemed to go much slower than it does now. I was much more naïve about life and looked at it through rose colored glasses. I enjoyed school because I was Very Involved.

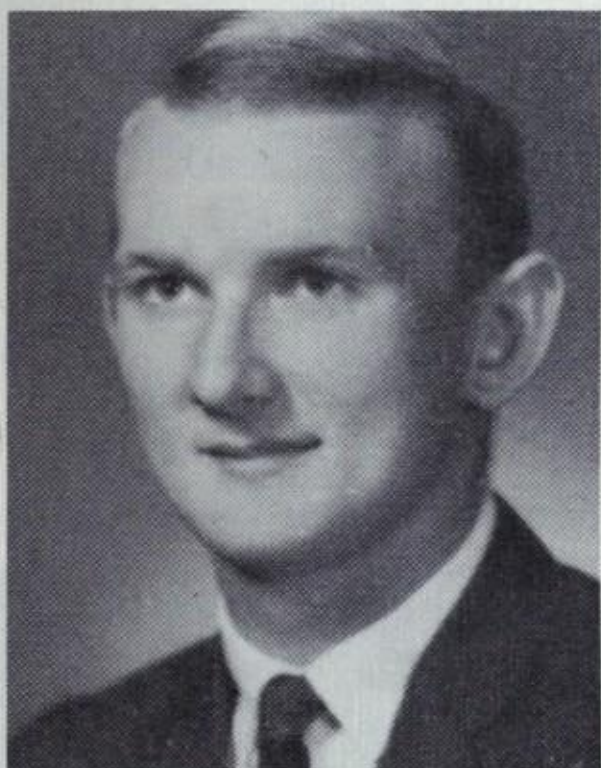

Ms. Courey — Econ/Cont.

When I was young, I worked at Knotts Berry Farm selling hamburgers and berry juice. We did the surfer stomp at school dances and I went to see Jan and Dean at the Buena Park shopping center. There is a lot less school spirit now, but girls can play sports! There is a better acceptance of differences and handicaps.
Mrs. Henkel — Wk. Exp.

When I was young, there were two important goals I set for myself. I decided never to grow up and never stop loving life. High school was pretty much the same for me as it is now. Academically everyone worked hard and thought of ways to have better parties.
Mr. Kayda — Physical Science

When I was young, the teenagers I grew up with didn't differ much from teens of today. Today teens are baraged by a media of blitz of immediate satisfaction but the "good guys" handle that and the "bad guys" have trouble with it. I used to go to school from 8:00 a.m. to 3:10 p.m. and participates in many activities.
Mr. Palicki — Senior English

When I was young, I considered my high school days the best of my life. Getting good grades were important to me. So was singing. I was in two singing groups and starred in "Lil Abner" in high school. In high school girls dresses had to touch the ground or we got sent home. If we kept the campus clean, we got to go home early on Fridays.

WORKING

WORKING SENIOR

37

 These seniors have the right idea. Finding and keeping a job is most important to these working students. It's all part of growing up.

Car payments are due, insurance must be paid. Where are the funds going to come from? Frantically submitting applications at all available places, finally that long awaited call comes. An interview date has been made. This will be the real test. As the interview nears, nervousness settles in. Palms sweat, dry throats begin. After answering a few short questions, with a nervous smile, the job is yours.

The first day is confusing but somehow you manage to get through it. A couple days pass, everything is just routine. Days . . . months go by . . . This once long awaited job becomes an everyday bore. The employees are rude, the customers are aggravating, wages aren't high enough and the boss expects too much . . .

Hey, welcome to the real world. You really have something to look forward to.

me, shelly you, and carrie

mark S.

He thinks he's suave, he thinks he's cool, but when a girl walks by, he tends to drool.

He dresses in 501's and K-Swiss. He enjoys going out and loves to kiss.

He loves to party, which leaves him in a daze. In his spare time he catches some rays.

He joins all the clubs as if they were fads (even Calculus Club, but he can't add.)

He loves to eat all the time, in order to start on the defensive line.

5'8"

The senior guys at A.L. have passed the test. They can now be labeled as the best.

Most of our Alta Loma High School guys have: brown hair, brown eyes, weighs about 140 lbs, and is at least 5'8".

Some guys like a girl's personality, while others rate a girl's looks. They are especially interested in their fast cars, beach activities and parties.

Mike Misch, Kevin Williams and Chris Epinet are only the average.

Look At Yourself With Pride

Look around A.L. and you will see, many variations of what a senior girl can be.

She wears Guess, Paisley, and an everlasting smile. Her taste is impeccable and always follows the style.

She flirts with the guys, gossips with the girls, plays with make-up and fluffs her curls.

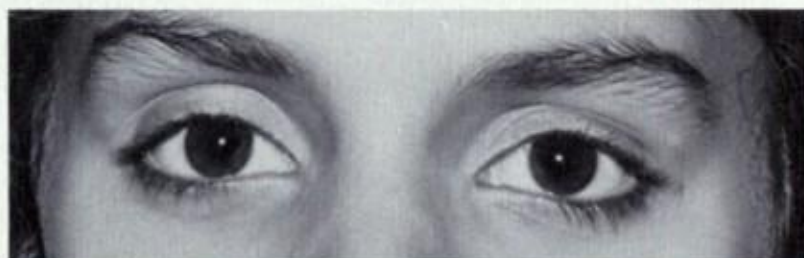

She shops in the morning and dates at night. She studies for exams and does alright!

Most of our Alta Loma High School girls have: brown hair, brown eyes, weighs about 100 lbs, and is at least 5'3".

Girls like guys. They also like to meet new people and socialize. Girls love to go out, have fun, and party.

After a quick turn, pause and smile, Lorena Arista moves on.

I Hate It

Everyone has their pet peeves, whether it be the way one sharpens a pencil or the way one drives a car. All those little things can add up to a lot, making a person's day very frustrating.

For example, when younger brothers or sisters bring dumb jokes or sayings home from school ("Monkeys always look!!!" "Jinx!!" "You've got cooties!!!").

On the following page some seniors give examples of what really gets to them.

"I hate it when no one asks me to dance. So I'll just sit here and sulk," thinks Maurice Miller.

"How come we can never get into these classes?" states Cody Boggs to his friend Frank Torres.

When . . .

I hate it when . . .
 . . . I have a lot of home-
 work.

Sharon Moreland
 . . . people are mean to
 others.

David Capocci
 . . . others vandalize
 campus.
 Angela Vallier

"I hate it when I can
 never get the ball into
 that dumb goal," thinks
 Randy.

" . . . and right when I
 was about to pounce
 on him, the mouse saw
 me and ran away."

"I hate it when I'm
 awakened at 3 am for
 a dumb kidnapping,"
 voices Lori Taylor.

MEMORIES

I Was Most

I was most embarrassed
when ...
... my debate coach
saw my Garfield under-
wear.

Patty Lonsway

... I was standing in a
parking lot and a boy
pulled my pants down to
my ankles.

Doris Denny

... I stepped in dog do-
do and walked into
church and everyone
smelled it.

Alyssa Baskin

So this is how the Homecoming Court
looks at 3am.

"... and the monster was this tall!"
states Raggedy Ann (Chuck Jack-
son). "No he wasn't! He was this tall!"
interrupts Raggedy Andy (Rob Fino).

"That's right. The hat is Gucci and
the shirt is from Contempo," states
Tracy P.

Embarrassed when ...

Falling down in the middle of the quad, dropping your books, or passing gas in the middle of a test are just a few examples of the embarrassing moments that people experience. Life is full of embarrassing moments. Some can be really discomforting while others can be laughed at by everyone including oneself. Anyone can have an embarrassing moment, all you have to do is act natural!!!

Here is Shannon Cushman taking a doze while practicing her cheers.

"... Alright who's holding Donna now?"

*A Place
For ...*

"Am I clapping my hands right?" asks Shan-teel Jones during practice. "Boy I can really get into this!" comments Karen Sellers.

That's the spirit!!!

MEMORIES

Everyone

If you look around campus, you will notice many different types of people. Every one is special in his or her own way. Each person has his or her own way of doing things. No matter how any student is, we all come together in one way or another to take pride in calling ourselves the Alta Loma Braves. Here on these pages we can see some of the students that prove that A.L. is a place for everyone.

"Wait for me!" Alice Ortiz says to her boyfriend.

"Try not to stare too hard Steph. (Balderrama) he'll notice you one day," jokes Misty Beidelman.

"We can dance if we want to ..."

A Place For ...

Remember the times that we once shared; remember the fact that we all cared; remember the times we had together; remember it's in our hearts forever.

What we see in our memories depends mainly on what we look for. What's too painful to remember we simply choose to forget, but to overlook those moments in our life is to miss the biggest part of life itself. So here's to Alta Loma, which is truly a place to remember.

"Excuse me? Have you seen Raggedy Andy?"

"I hope no one notices that I need another perm," thinks Jackie Hughes in her costume.

"All hail to Alta Loma High
... " sings Cari Ervin.

"We're ready for take-
off!!" shouts Gloria Gar-
cia.

Will we or will we not
make that goal?

Karrie Baier is enjoying homecoming of 1986. Here is the homecoming court during their kidnapping, helping out a local cleaning man at Ontario Airport. Ravi Best plays his solo in a band performance.

A Place For ... Involvement

Activities boost the school spirit in everyone. Whether it is a contest to judge the best male body around or voting for the most popular girl for Homecoming, every student can take part in some group activity.

Activities allow everyone to come together and join resources and talents to create something joyful and spirited such as a yearbook or newspaper. All the hard work and devotion that each person puts in pays off in the end and gives each student a sense of accomplishment. Every person who walks on campus can truly say Alta Loma is a place where students get involved.

Everyone gets involved at Homecoming as these cheerleaders demonstrate when they greet the homecoming court. The editor of the yearbook, David Capocci got too involved!

DANCES

Spirit Shines Throughout School

Whether it's dressing up like a nerd, participating in rallies, or dancing the night away, school spirit is only what you make it.

At rallies, our pep commissioner and others worked at uniting cheerleaders, flags, the band, and the students, to bring out the best of our school.

Dances also made school fun. They created a social environment that everyone enjoyed. Dressing up, going to dinner, and showing off new dance steps were all part of it.

Although our Varsity Football had a tough year our

Varsity Cheerleaders kept the crowds in good spirit. Among cheering at games the girls performed at rallies, such as getting the classes involved in seeing which class can cheer the loudest.

They are also involved in selling candy for the Pep Squad fund.

During the summer the girls won a Spirit Stick at USA Cheerleading Camp.

The girls use teamwork and most of all team spirit at their practices and games. All in all the Varsity cheerleaders deserve the best for a year well done.

he Pep Commissioner and Mascots have done a fantastic job in leading spirit. They get advisors, parents, faculty, and the students themselves cheering for our Braves. Spirit at A.L. has increased greatly throughout the years but, everyone can agree that this year is definitely one to remember for spirit. Cari Ervin says, "The Pep Squad tries their best at everything we do and no matter what, people complain or criticize, the one who compliments us, makes it all worth our while."

Cheering Along

V. Cheer has done much in the support of our J.V.

Brave teams. Much appreciation is owed to these girls who put out such an effort for our lower classmen. They have participated in cheering at J.V. games, rallies, and fundraisers.

The girls attended the U.S.A. (United Spirit Association) camp in Santa Barbara. Here they received superior trophies. They also won the spirit stick but, most of all they learned new ways to promote school spirit.

An Itchy Situation

The SEVEN YEAR Itch

he fall production was very successful this year.

The Drama Club sponsored the comedy, *The Seven Year Itch*. The play was about a married man, whose wife goes away for the summer, the girl who moves in upstairs, and their escapades. The play revolved around the fantasies of the married man, Richard, played by Troy Saviola.

The play was directed by Richard Shetley. The cast included: Angie Beeley as The Girl, Nadine Morbete as Helen, Chris Kopperud as Tom Mackenzie, Jen Lambert as Miss Morris, Kara Tsiaperas as Marie, Paula Lambert as Elaine, Deanna Brock as Pat, Erin McClaine as Ricky, Brenda Reed as the Girl's Voice and Craig Cruz as Richard's Voice.

Here are a few scenes from the play. Troy Saviola, Angie Beeley, Paula Lambert, Kara Tsiaperas, and more of the actors and actresses can be seen working hard to say their lines without a foul up. The play ran on November 21 & 22 in the school auditorium.

H. KIDNAPPING

The traditional kidnapping of the homecoming court occurs at 2 am when the unsuspecting girls are awakened and taken to breakfast. After this the girls are taken on wild escapades such as selling M&M's at the airport in their pajamas. Here are a few snapshots from this royal occasion.

Rise And Shine Boys!

It's 3 am and someone is in your room, no wait it's a bunch of people! You're almost afraid to move out from under your covers. Then, poof, the light goes on, a camera flashes and someone shouts "Wake up! You're on the King's Court!" Surprise! Now they take you on an early morning adventure. First to eat breakfast at a local restaurant, then it's off on the planned frolics such as going to the cemetery or selling M&M's at the airport. Well that's what it is like being part of a traditional kidnapping.

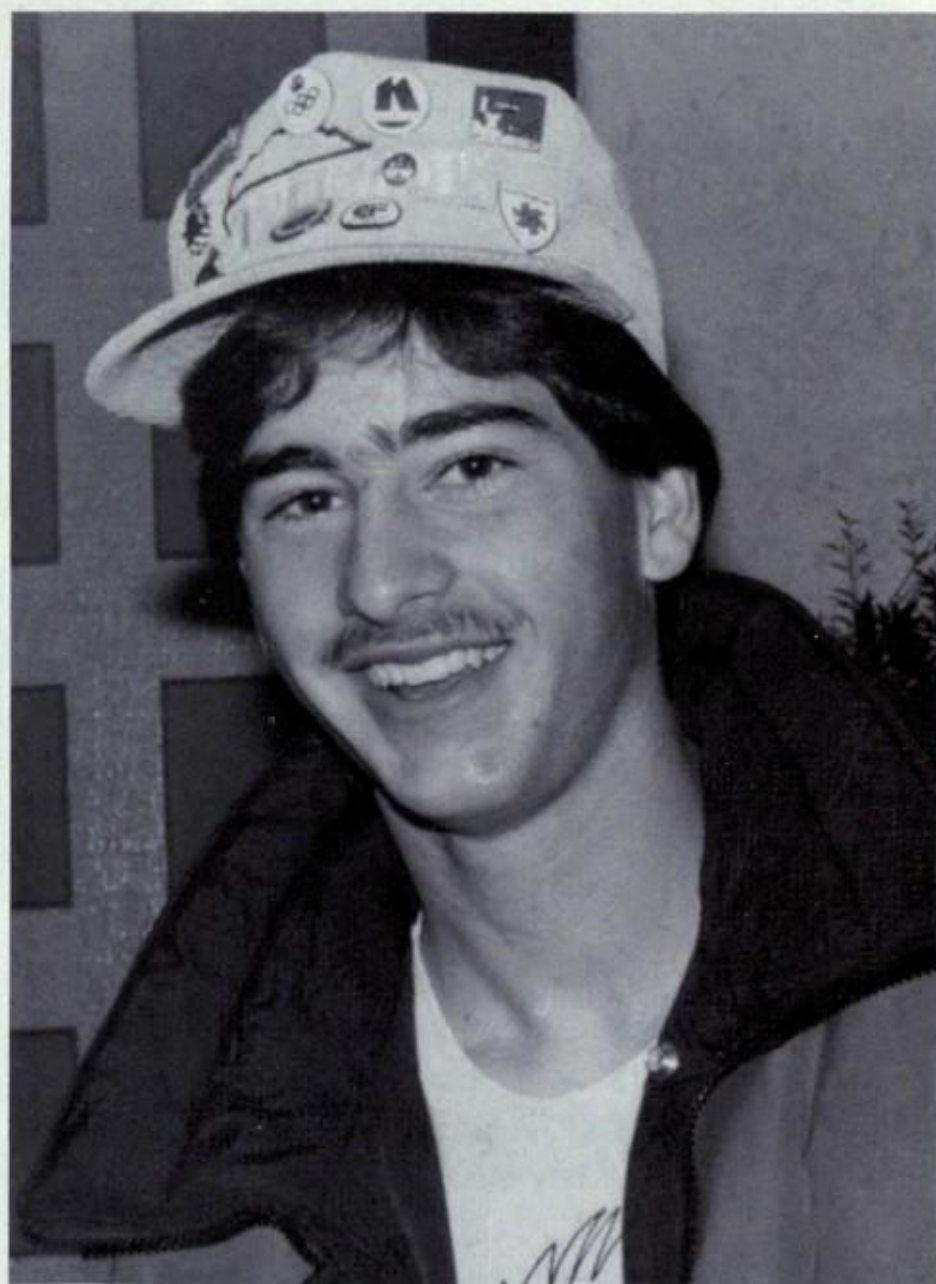

Here is what happens first, everybody sneaks in and wakes you up. (Bill Pulver) Then it is off to breakfast as Jeff G. and the rest of the court show us. Are they awake yet?

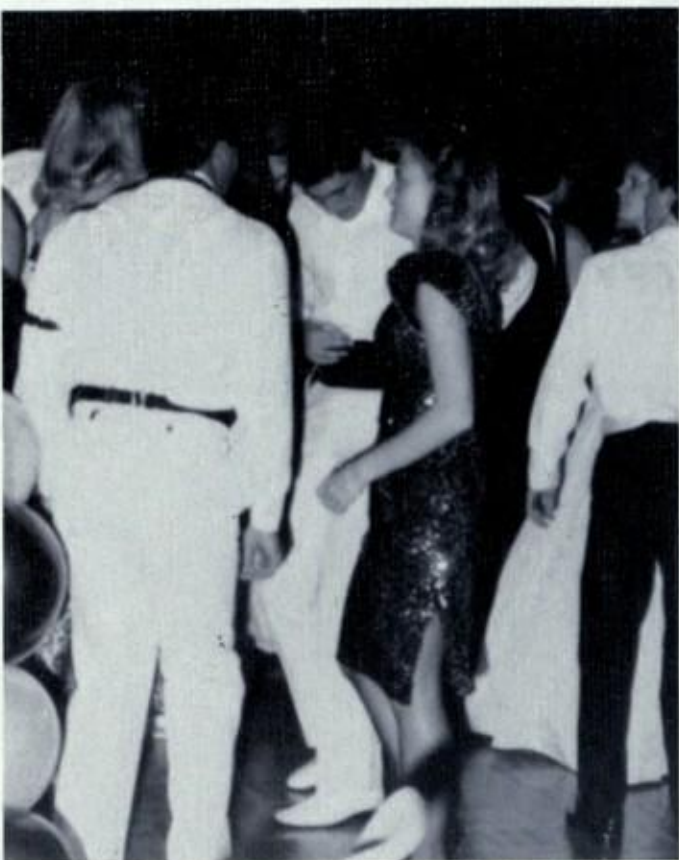

KING'S BALL

When they were awakened they were made to wear ties and were given flowers. At first the shock of being awakened hits them, as Rob Fino shows us (bottom), then you are dragged around town. Even to a cemetery!

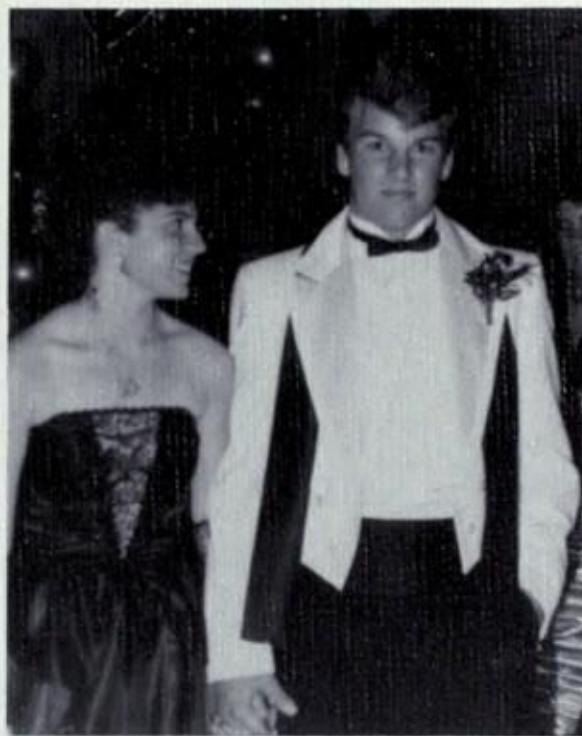

King's Ball is another tradition that the school cherishes. Here are a few highlights from that special occasion.

Tina Smith and Susan Elston help serve cake and refreshments to the students. The court cherishes their dance. Decked out in their best, students display some of the latest dance moves.

A Rowdy Success!

n Jan. 10, at 8, the annual Mr. Alta Loma contest took place to find the male contestant with the qualities most sought by AL females. There were three categories: legs, best personality and most photogenic.

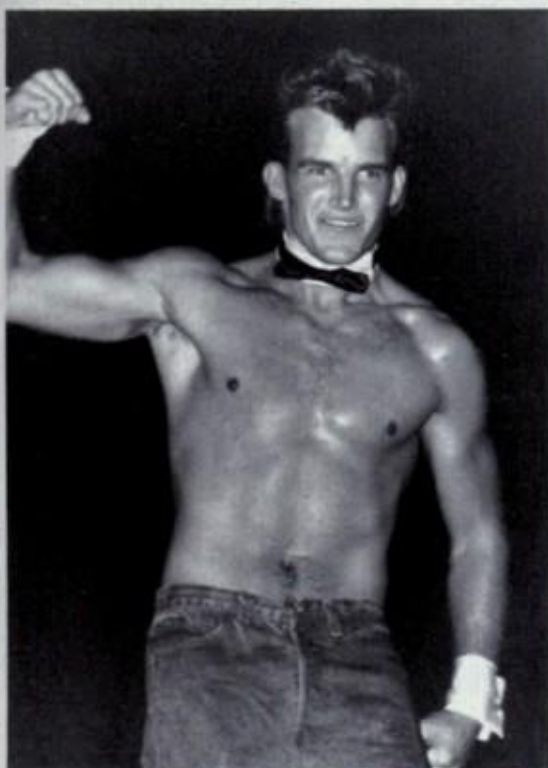

Following those came the most coveted title — Mr. Alta Loma. The contestants were Bill Pulver, Rob Fino, Ray Domingues, Keane Kohler, Carter Beets, Kevin Grow, Jeff Garrett, Kenny Anderson, Shad Boal, Topy Junkunc, Andrew Delgado, and Richard Jepsen.

All were chosen by S club members. S club was also the sponsor of this festive occasion. A few judges said, "... it was truly a night to remember."

Mr. Alta Loma went to Jeff Garrett. 1. runner-up went to Bill Pulver. 2. runner-up went to Kevin Grow. Best Legs went to Rob Fino. Best Personality went to Keane Kohler. Most photogenic went to Topy Junkunc.

"Being Mr. AL means a lot to me. It's a great honor to represent this school," said Jeff Garrett.

A Place For ... The Sisunga Staff

he Sisunga Staff has come a long way. Under the direction of David

Capocci, editor-in-chief, and Doris Denny, co-editor, the yearbook staff has produced a product that will be treasured. David has kept on top of things throughout the year. In this edition there is more emphasis on articles and captions than in past years. "I feel that the reader needs more information than past (year)books have provided. The articles that we wrote will grow in value in the years to come," stated David.

The yearbook staff put in long hard hours to sum up the year's events. Mr. Tony Grasso, advisor, and Gilbert Ortiz, co-advisor, have helped the staff with their production job. Mr. Grasso has helped coordinate yearbook activities, budget costs, and provide the staff with extra assistance.

All-in-all the yearbook is the best that AL has seen "and they'll keep getting better," claims Doris.

YEARBOOK STAFF

Hard At Work

editors, reporters, and photographers alike, all work together to make

Tepee Times what it is.

Many people don't realize all the work it takes to produce a school paper.

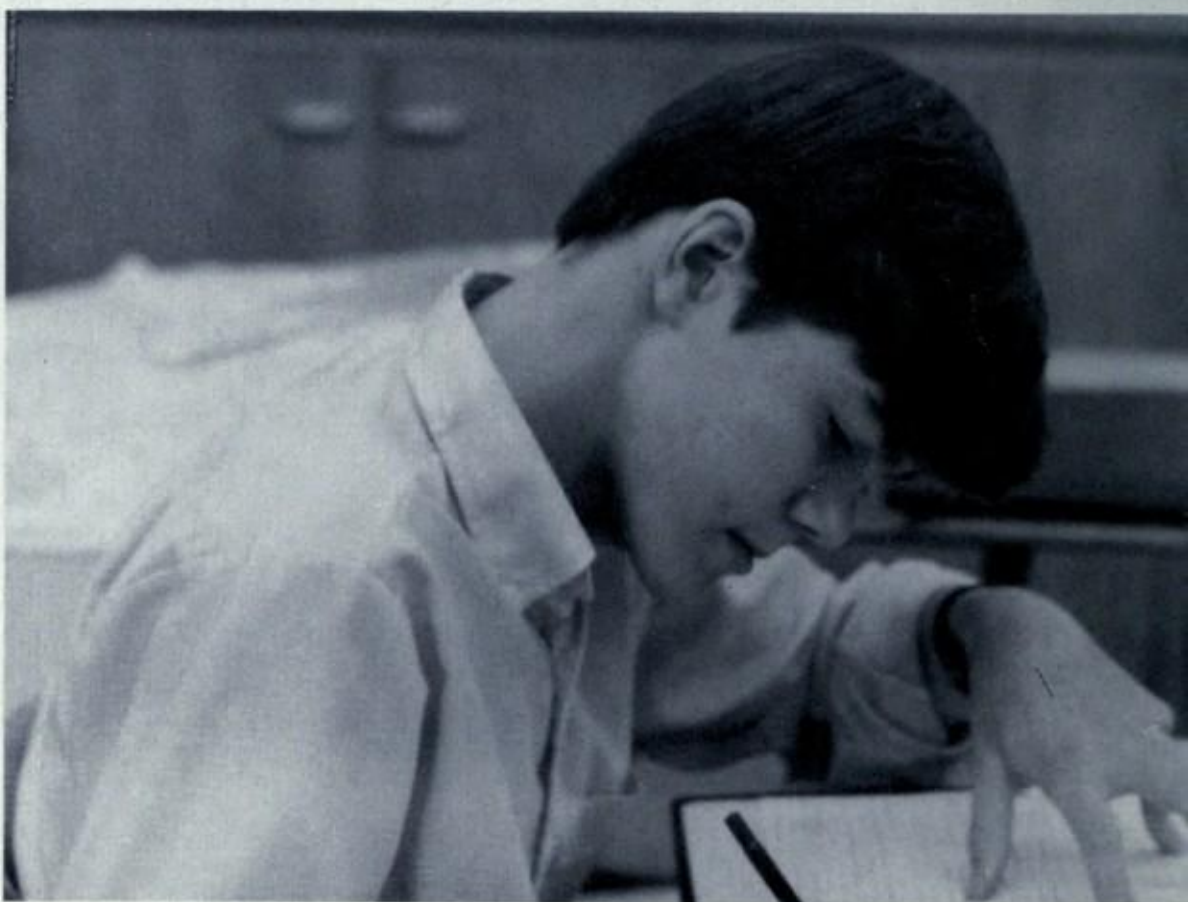

The Adviser, Gayle Hall-Christensen, known as Miz C, is a perfectionist.

Miz C, as most teachers do of their students, expects the Tepee Times staff to contribute 100% of their effort and energy to the paper.

Tepee Times is distributed every third Friday, but the weeks in between those, the pressure is on. The reporters have to comb the school for news that would be most interesting to the students and faculty.

Story ideas are brought up and either discarded or used.

After the paper does come out, there's a short feeling of relief because the staff has just made another issue possible.

Debbie Dickie tries to keep everything in order. Mike Gerry thinks of a new story idea. Sondra Williams and Tracy Peoples wait for their assignments. Angie Beeley listens intently as a reporter reads her his article. Sondra Williams interviews a person for her article.

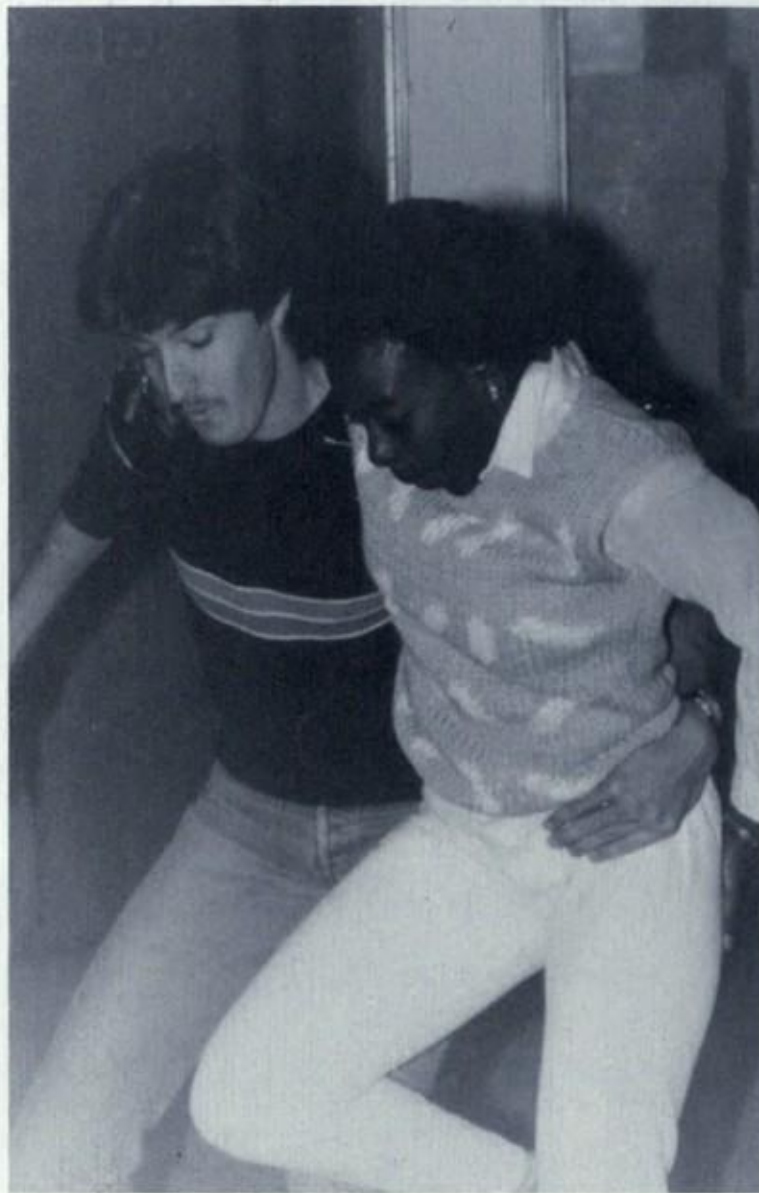

Ragnar Miller, Lisa Johnson, and Sheri Moreland work hard on their assignments.

Here are the students practicing for a performance. Each student must sing, as well as dance to the beat.

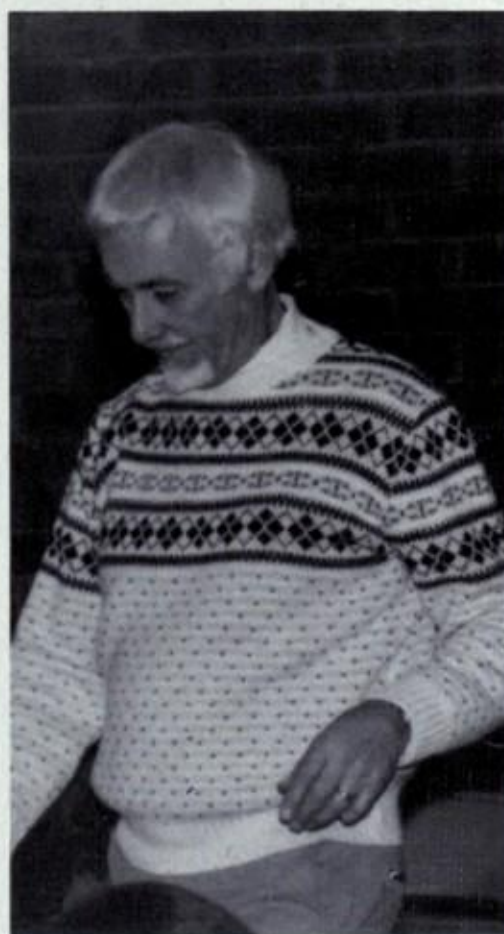

Sing, Dance To The Beat

Cappella and the Chamber Singers have worked hard this year developing the basis for fine singing and performance. A Cappella, in a building year, has had an active season in festivals and concerts. They were the base for the all out variety show "Celebration '86" at the school. Also they hosted a festival and made a Christmas appearance at Disneyland. Both A Cappella and Chambers appeared in the Christmas concert and the Spring concert. "This has been an interesting year, developing young voices and talent. It looks like a fine future for the vocal department," stated Don Bowers, musical director.

Shown here is the grand finale where all the performers give it their all to make the routine a big success. Don Bowers, director, puts in many long hours to develop the students' talents.

Sing, Don't Hum

reble Chorus is directed by Mr. Don Bowers and Sondra Williams is the accompanist. The students seem to enjoy the class because it gives them a break from the regular academic routine. His direction is done with expertise along with firmness and humor.

A student has to undergo a singing test in order to be entered into the class. It basically consists of going up and down the scales for a couple of "DO RE MI's". At the time the students are very nervous, but it turns out for the best and they end up being rid of their fright of singing in public.

Here is the Treble Chorus in action. Sondra Williams plays the piano and Mr. Bowers offers advice and tips to singers.

All That Jazz

L. Jazz Band is one of the top jazz bands in the country. The spring season at Saddleback College and other competitions were held at Hemet High School, Cal Poly, Chaffey, and Fullerton.

Some songs played by the band were "Blue Danie", "Stardust", "South 21st Street", "Dindi", and "The Shoehorn Shuffle".

The Jazz Band includes the Saxophone, the trombone, the trumpet, the piano, the bass, the drums, and the auxilliary percussions.

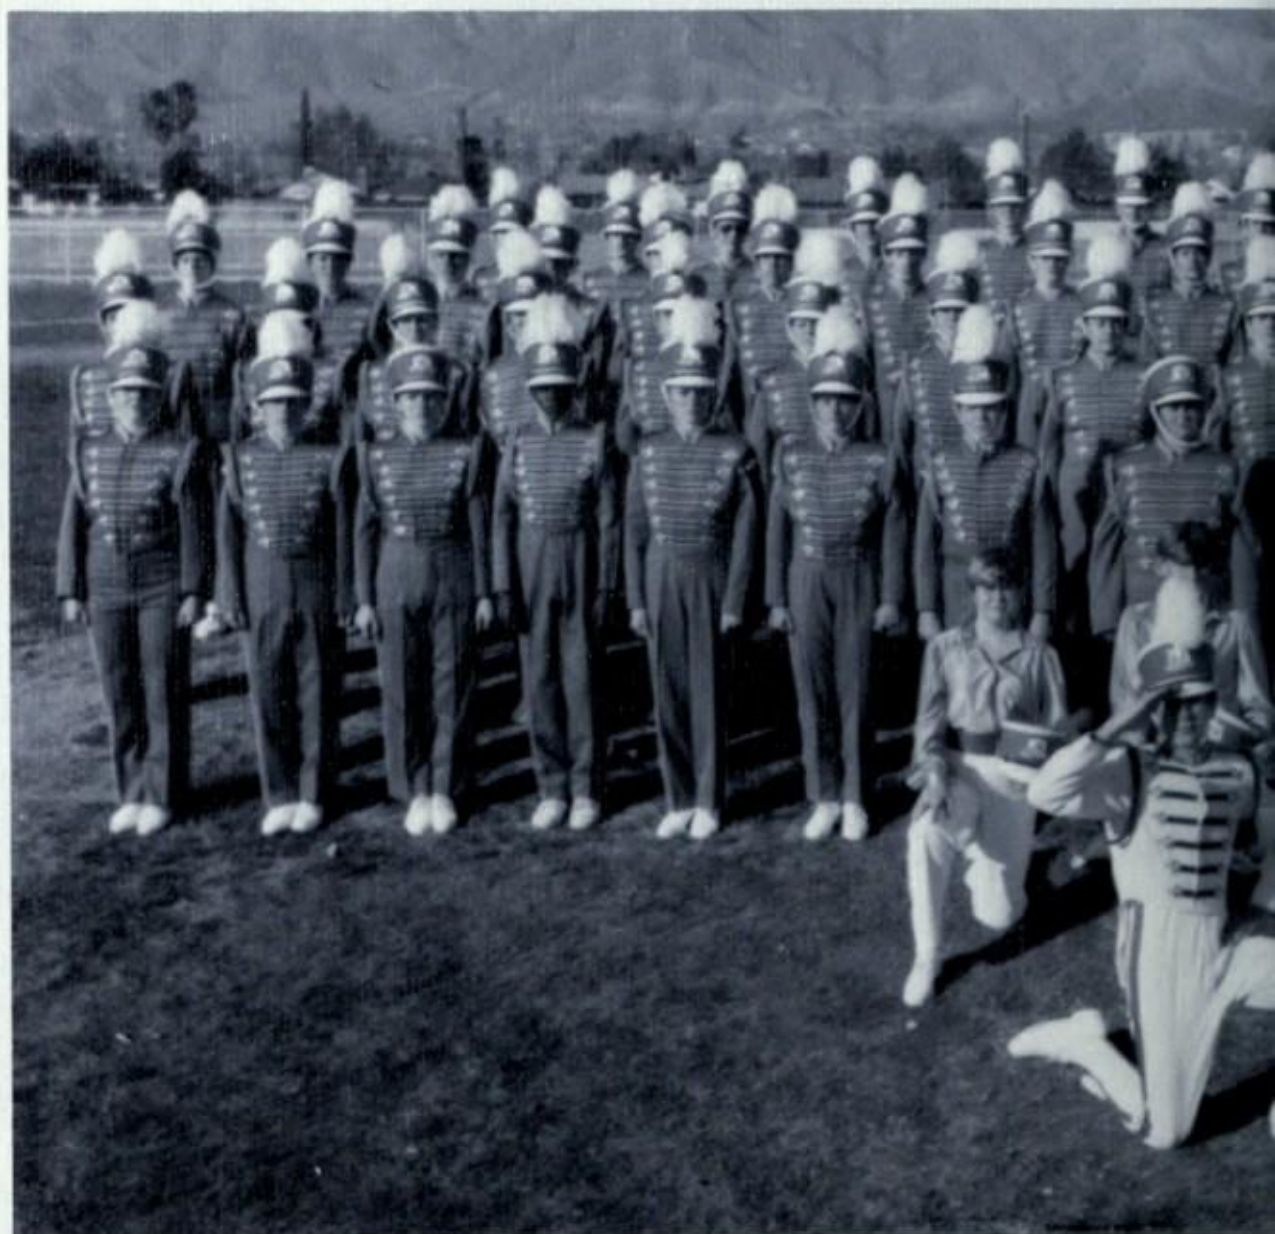

Sunny Petrocelli keeps the rhythm going. Gabe Petrocelli (Advisor) playing bass for the band. Eric Madrano adds the polishing touch with his piano playing.

Keeping In Step

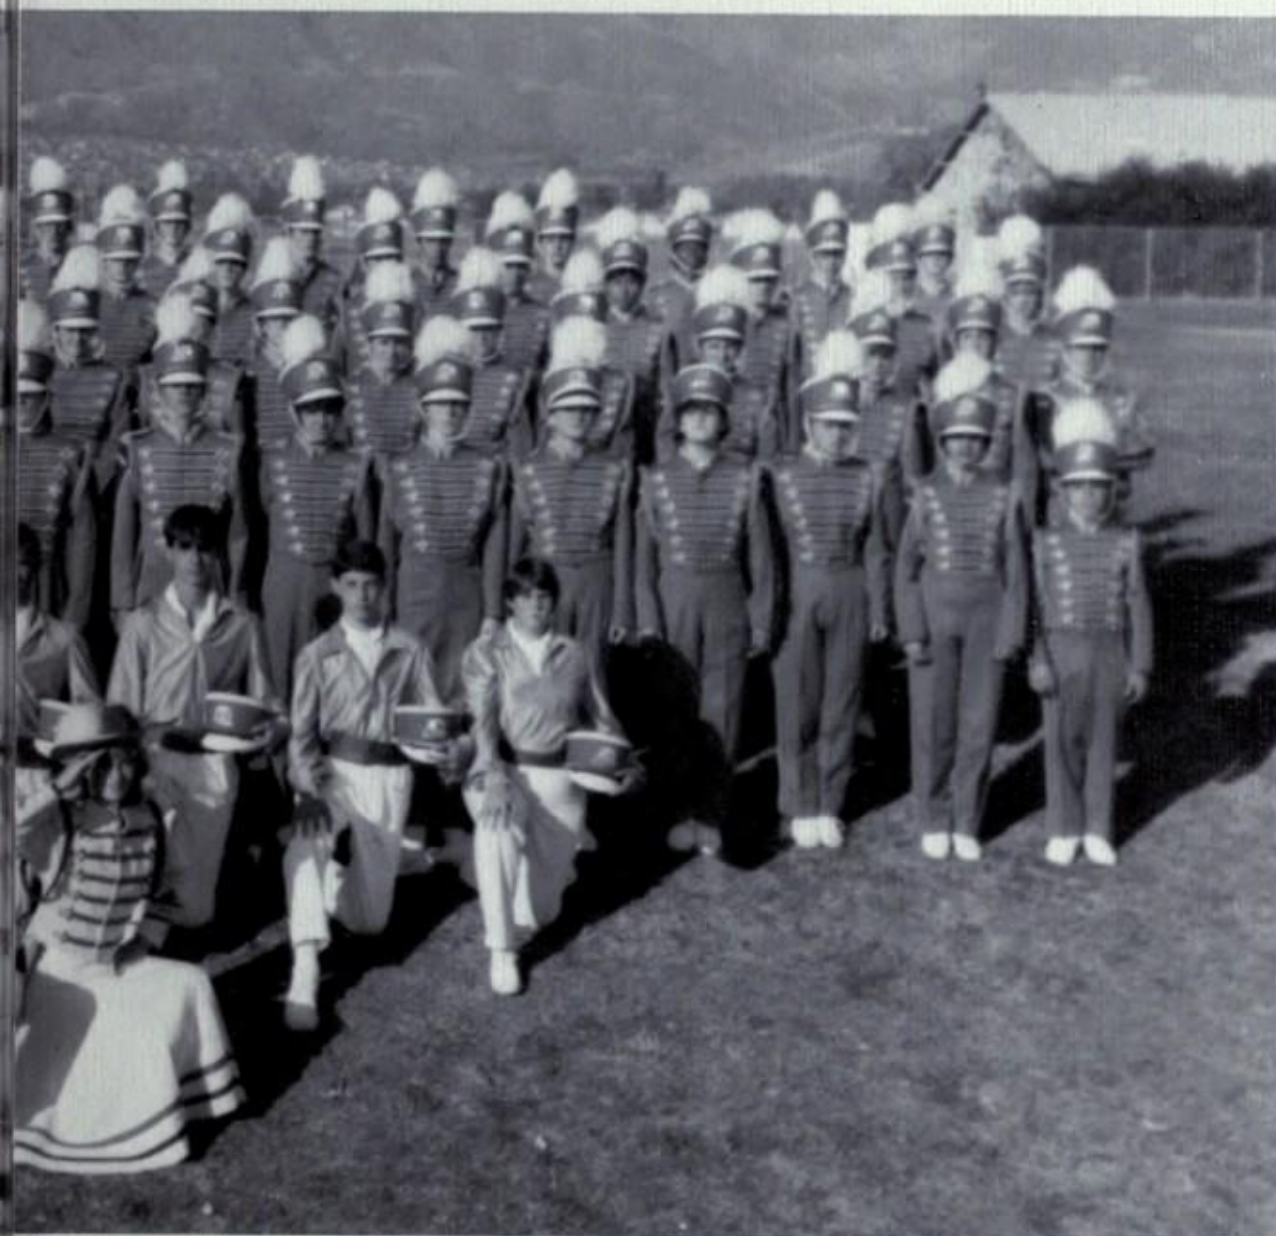

he band has had an eventful year. Coached by Gabe Petrocelli, they have placed in the top two in all but one of the tournaments. The tournaments they attended are, the Preview of the Champions, the Colton High School Field tournament and placed 2'd. They also placed 2'd in Chaffey Claremont, the Chino Board Review, Cal Poly, and the R.C. Dorale Field Tournament. They proceeded to take 2'd in Los Altos, Riverside City College, and the Tournament of the Champions.

Contributing

here are great rewards in joining an organization and actively participating in it. First of all, one will have a good time. It is a time spent away from work, and to relax. There is often work to be done, a responsibility of some sort, but it is interesting.

Membership in an organization is an opportunity to make friends easily and naturally because there is a shared interest. Joining a club brings out spirit from the members because they want to, not because they have to.

Organizations also open doors to educational opportunities. Education is the development of new interests and ideas for the future.

Here some S-Club members, Ingrid Brandts (foreign exchange), and a bowler all become involved in the activity.

KEY CLUB CARES

The Key Club is a school and community service organization sponsored by the Rancho Cucamonga Kiwanis. Key Club helped the library staff at the beginning of the school year and worked at a local wine festival in conjunction with the Kiwanis. They also sponsored a car wash, the proceeds of which went to the annual Key Club convention, an event that takes place over a three day period and allows Key Club members from districts around California to meet. Key Club members further donated their time and energy by participating in the March of Dimes Walk-a-thon and by working with participants of the Special Olympics.

Ita Loma foreign language faculty does a lot more than just teach a different language. They are like our key to a new and different culture. Some of the teachers, such as Robert Durio, the only French teacher here talks about the customs in the country where the language is spoken.

Mr. Durio feels that a second language is, "extremely necessary in view of our position among the world of nations.

Get Into The Groove!

here is a new club at the school this year. The Dance Club was formed to make the chance for the students to perform with the fine arts available. The advisor, Mrs. Hein, is excited about the club and is proud to be a part of it. Each student gets a relief from sitting at a desk and at the same time learns new dance steps and gets exercise. The Dance Club is a proud edition to the school and based on this year's turnout, the club should go on to be successful.

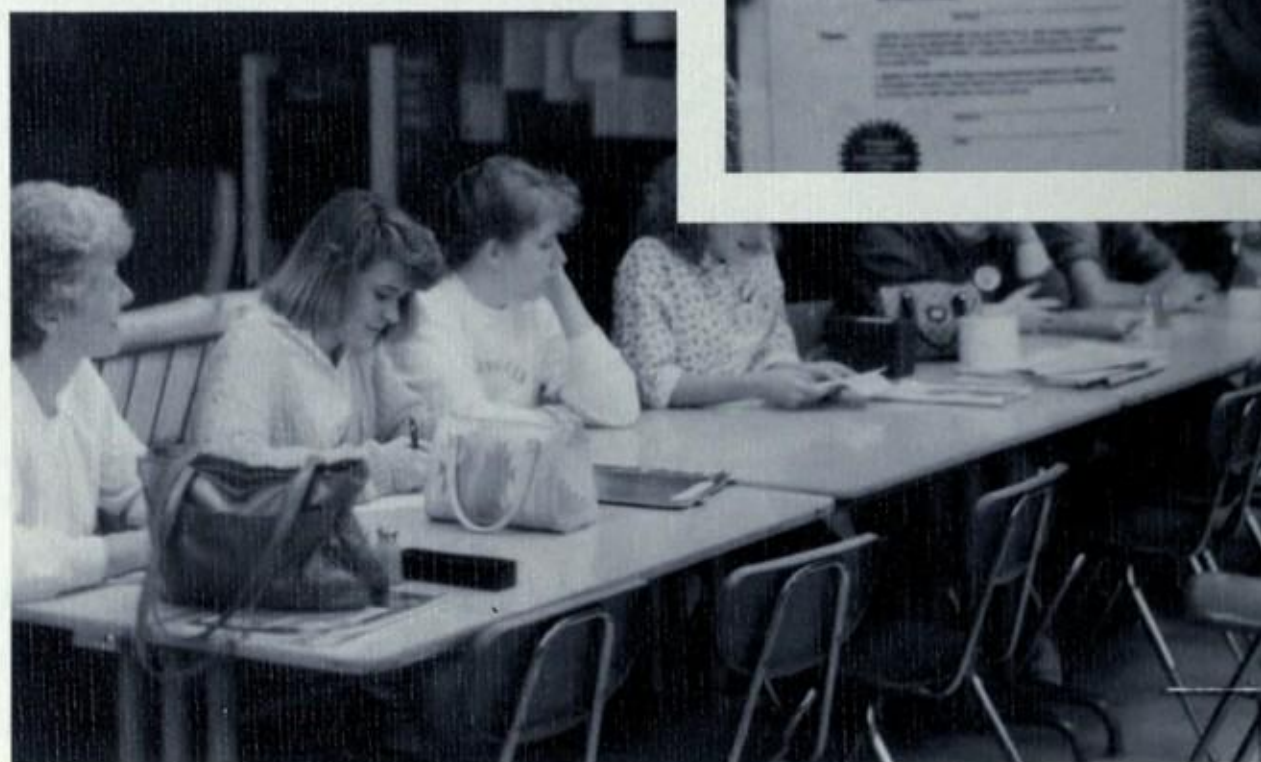

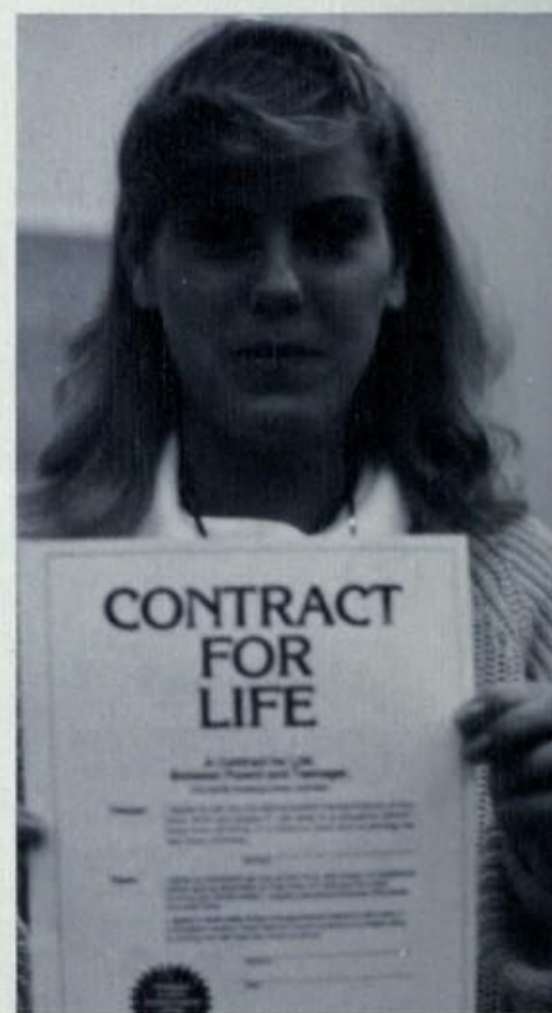

Warming up is just as important. Before the girls get to the heart of the dance, a few exercises help them to limber up.

Sadd Makes Us Happy

The group, after all their publicity efforts, will soon grow in size to fight against the crime of drunk driving.

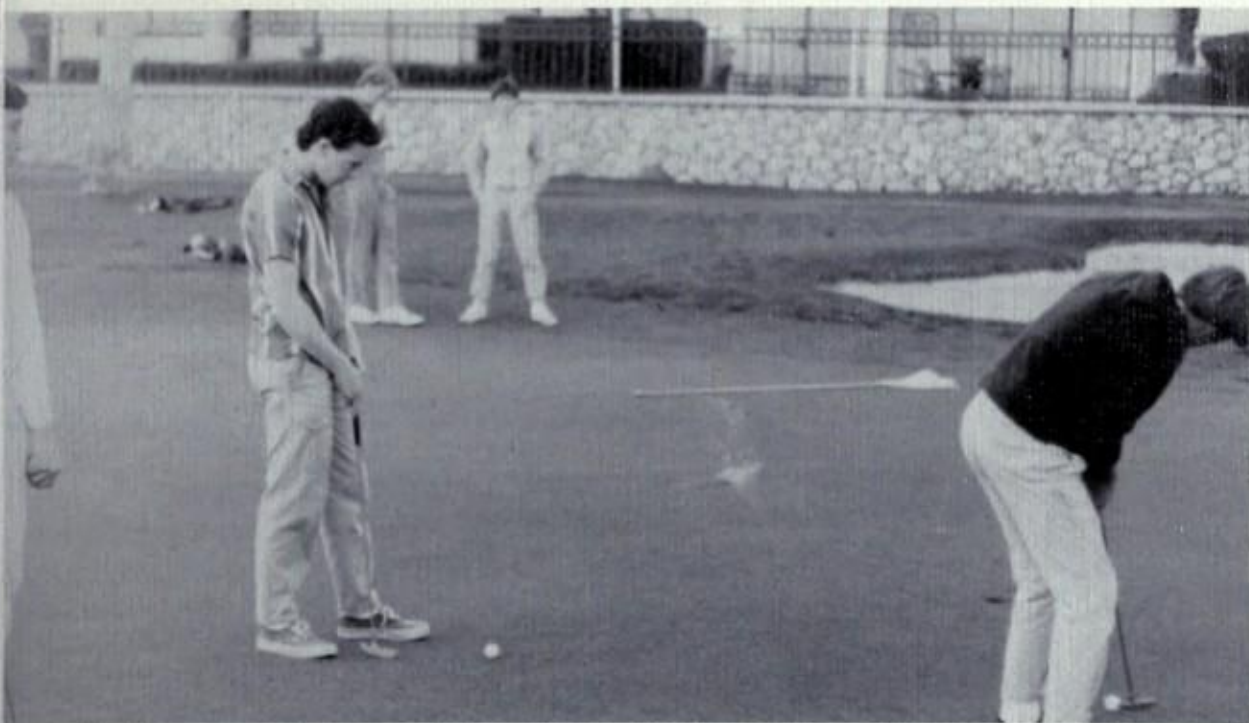

With the help of friends, parents, and teachers, junior Tami Molineux started the first local SADD (Students Against Drunk Driving) chapter here at Alta Loma.

Due to the loss of Tami's brother, who was killed by a drunk driver, a sad event has become a positive organization.

For publicity SADD passed out and sold pins and bumper stickers bearing the SADD logo.

Next year SADD hopes to recruit more members. It's a great cause and with more people aware of drunk driving maybe they can lick this problem.

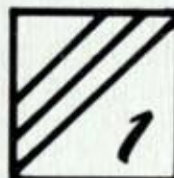

The SADD Club is a new club on campus which offers students a chance to become involved.

Putting On The Green

1986 marks the return of competitive golf at ALHS. We return to the Baseline

League with a very young team. We have one senior, 2 juniors, 9 sophomores and one freshman. Because we are so young we will not win many matches. We will be patient, though, because we know our time is yet to come.

Our Varsity is led by Kyle Humphrey who currently maintains our low average. We play our home matches at Upland High Golf Course and have the opportunity to play some of the nicer courses in Southern Ca. Look for these players to be outstanding in years to come!

Coach T. Grasso

Golf is also another new edition to ALHS. It is a renewed effort to try to get more students involved and active in the school system. The team will soon achieve, with a little practice, the status of a competitive opponent. Good luck!

Spike That Ball!

A very successful season for The JV Girls volleyball team. The squad, dominated by freshmen and with no returning players was led to a 9-5 record by Team Captain Kathy Reese and M.V.P. Judi Nelson. Voted most improved was Amy Harlow and most inspirational was Natalie Giurlanda. Beth Tastione: "For a very young squad they deserve a round of applause for coming in 4th place in the league. I'm extremely proud of them."

Players Fought Hard Battle

Even though the girls have a very young team, their success in some of their games showed their skill and potential to move on through the years as a team. The team's biggest thrill was overcoming a forfeit to St. Lucy's and beating them. The girls ended up taking 5th after a close game with Claremont but future work will be evident in their success. Coach Bonser worked hard to make the team a success.

Determination is written all over Michelle Medley's face. The team just pepped up by Bonser is ready to take the title. Trisha wins again!

he 1985 Girls J.V. Tennis Team had a very successful season. Remarkd Coach Bonneville, "Skill development attributed to the team over all. They were a very improved team by the end of the season." When asked how this team was different than any other team she has coached, Bonneville replied, "They were friendly, easy to get along with and got along well together. They had good sportsmanship and a willingness to practice basic skills."

Where's the ball? It's over here! Quick, shoot! It's a goal! We win! These are some of the emotions a participant experiences during a water polo game — a fast-moving, intense exhibition of timing, speed, and endurance. Water polo isn't as easy as it looks — players must be able to tread water while preventing their opponents from taking the ball from them throughout the game. The competition is fierce and sometimes discouraging, but talent and good comprehension carried the team through a great year!

Making The Goal

The Boys J.V. Soccer team is coached by Coach Martinez. The team learns a lot from each game. Each player learns what it means to be part of a group of student athletes that must function as one whole unit. Each player must cooperate with one another to make that goal and win the game. Coach Martinez has taught the boys in the physical as well as the cooperative aspects of the game so that the team can work together in making that goal that wins the game.

J.V. Places Second

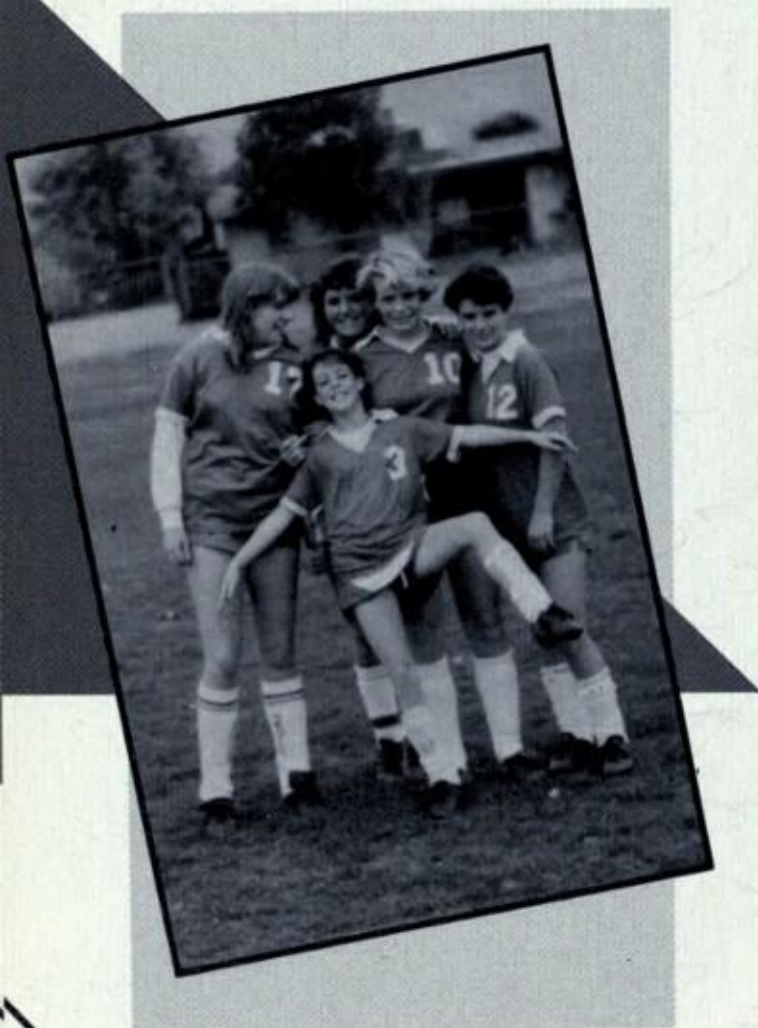

Luigi Traverso is the coach of a promising girls J.V. soccer team. Since the team got together last winter they have lost only two (2) games and tied one (1). Overall the team placed 2nd in the Baseline League. AL's biggest rival was Upland with whom AL fought for 1st place. AL was in first place for most of the season. The last game decided the final outcome.

The Dribble, The Lay-up, The Point

The 1985-'86 team supplied us with many exciting moments over this season. Coach Carlson prepared his team well for one of the Baseline League seasons, and all had a chance to do well. The squad was led by senior point guard, and co-captain Terry Kirkland; junior co-captain Anders Anderson; senior Andy Olander; senior Steve Franks; and senior David Sorenson.

The Varsity squad will lose a lot of starters this year but have some young fresh talent that will hopefully make the transition next year.

They Handle "Strickly Business"

Alta Loma had a great year in the Girls Varsity Basketball. Tina, who carried the team with 444 rebounds, and scoring 440 points, has had a great senior year.

The team made C.I.F. but after playing Gahr and losing 41-60, they were out of it.

The girls, made up of mostly freshmen and sophomores, will prove to be a success in the future years to come.

Reaching For The Sky

This year's J.V. team had a rough season. We were able to learn many positive things during the season. We learned more about competitive basketball. More important, we learned how to have pride in ourselves when you give all you can to a certain cause. If you judge our team on wins and losses, we had a losing season. If you judge our team on developing people and building character, we were league champions.

A Chance For A Win

Basketball is a fast and exciting team game which is played before many spectators. Movement is almost continuous under the modern rules of the game. Speed of foot, good vision, and great agility are necessary. A player who tries to perform as an individual rather than as a member of a team all working together will not add to her team's chances of winning. Basketball is a splendid training for leadership, because it emphasizes co-operation.

The Freshmen Basketball team has shown great ability and effort in their playing skills. They owe their skills to their many hours of practice. All of the players are known for being a great addition to the team, and when it was time for some tough defense, they were ready to go.

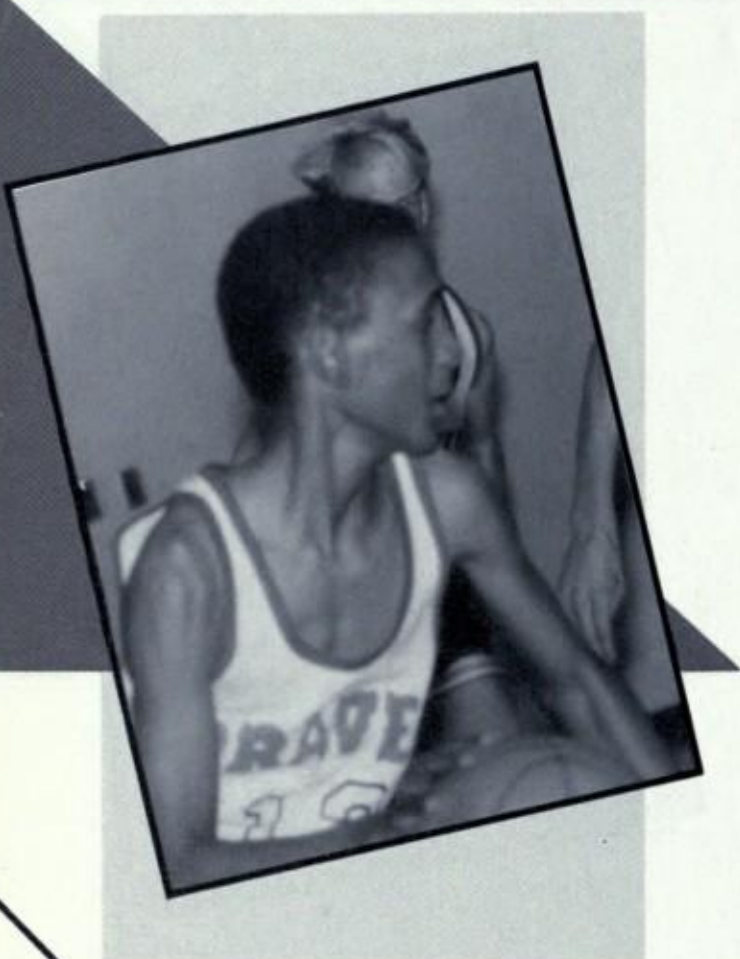

We all must admire their strengths, because they are our schools future, as far as being the next generation of Varsity B.B. players.

Boys Baseball Shines

The team had a very strong season in challenging for the league title an experience that will mold the players into varsity prospects.

Under Coach Hill's watchful eye a team was made without a great pitching staff.

A lot of rotating of players went on to get the maximum potential out of each player.

It was well a disciplined team that should have a great influence on ALHS's baseball program.

Strong Team, Strong Performance

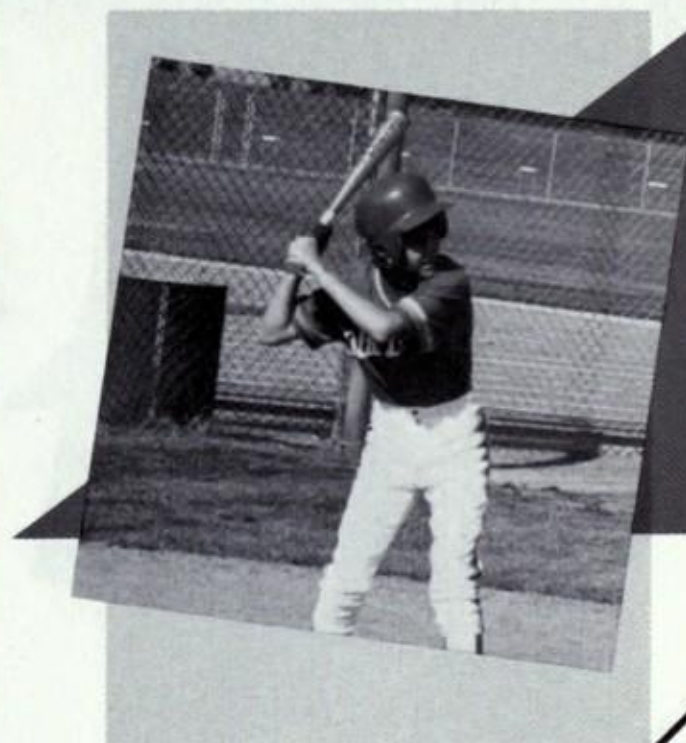

The 1986 boys varsity baseball team was a young team that had key seniors and juniors to keep the team rolling.

Coach Gary Cronan led the Braves to another good year; with the help of Coach Robertson.

The team showed maturity throughout the season and their tournaments.

They had a strong pitching staff, and an excellent outfield.

Once again the A.L. baseball team did not let down the school, they showed us a very exciting season.

Practice Makes Perfect

The softball season starts off around early February. Pre-season games are played, followed by season games, and if possible, championship games.

The team must have an excellent record compared to the other teams in their league in order to compete in these championships.

The girls have to practice hard and play good, in order to remain on the Varsity team.

April Changers, Michelle Emery, Lauren Edson, Tami Fandre, Laura Green, Marnie Laflour, Tracy Lopez, Chanin Loret, Lynette Shull, Kathy Welniak, Tracy Yniguez.

Varsity practices are held every weekday to bring the team to its highest level.

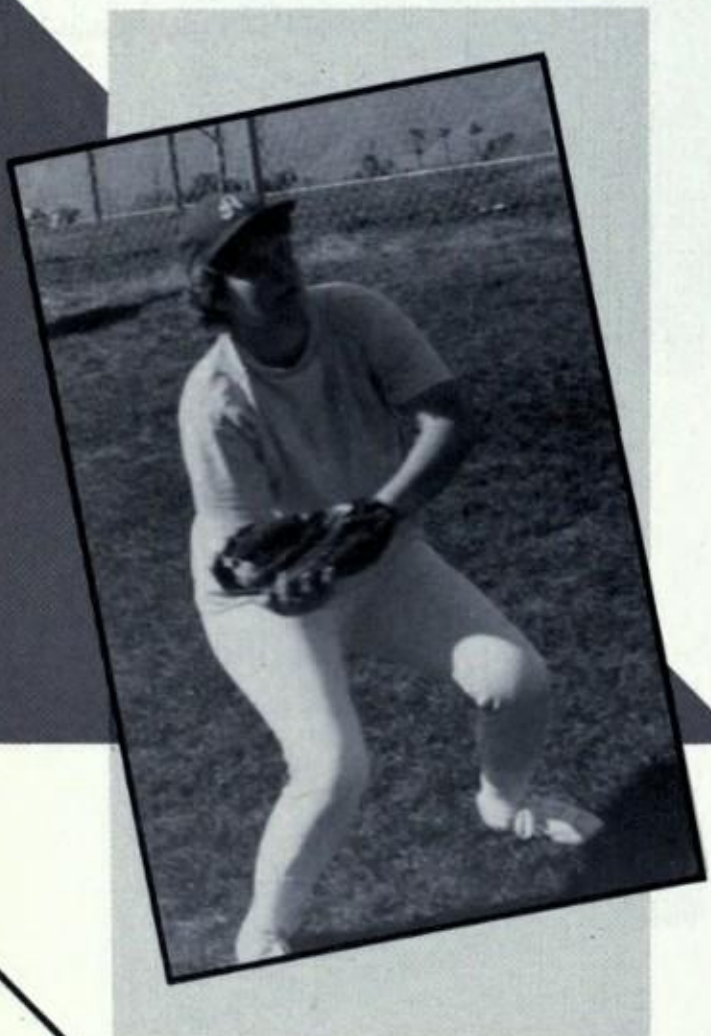

Ball 1 ... Strike ... Home Run!!

7he girls compete with other high schools in their league. They play each high school twice. After the regular season is over, if the teams' record is good enough, they play in the league championships.

The girls that play are given moral support by parents, friends, coaches, teachers, etc. ... It helps them to learn the game of softball better.

Lynette Eisle, Natalie Giurlanda, Sharla Jones, Diana Marshall, Kelly McNally, Tiffany Mitchell, Stacy Schneiderwent, Roberta Slayton, Paula Sydenstricker, Diane Tucker, Lysa Tucker, Robbin Crawford, Kathy Reece, Michelle Medley.

Softball is an interesting game. Besides being fun, it helps the girls to prepare themselves for the Varsity team.

Players Exceeding Expectations

The J.V. Tennis players has had a strong, victorious season. The key to their victories were strong and solid players who were not only good with the basics, but also were imaginative in their play.

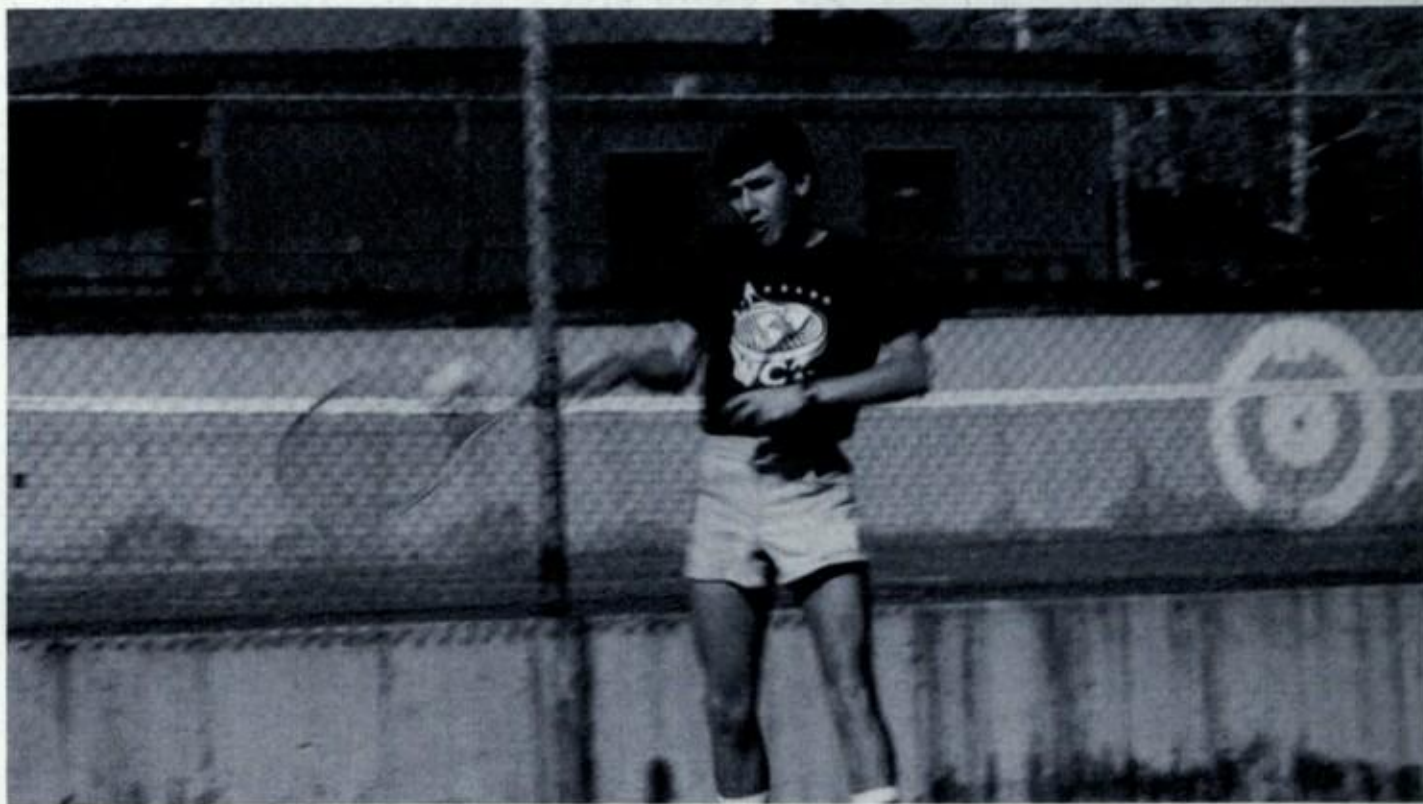

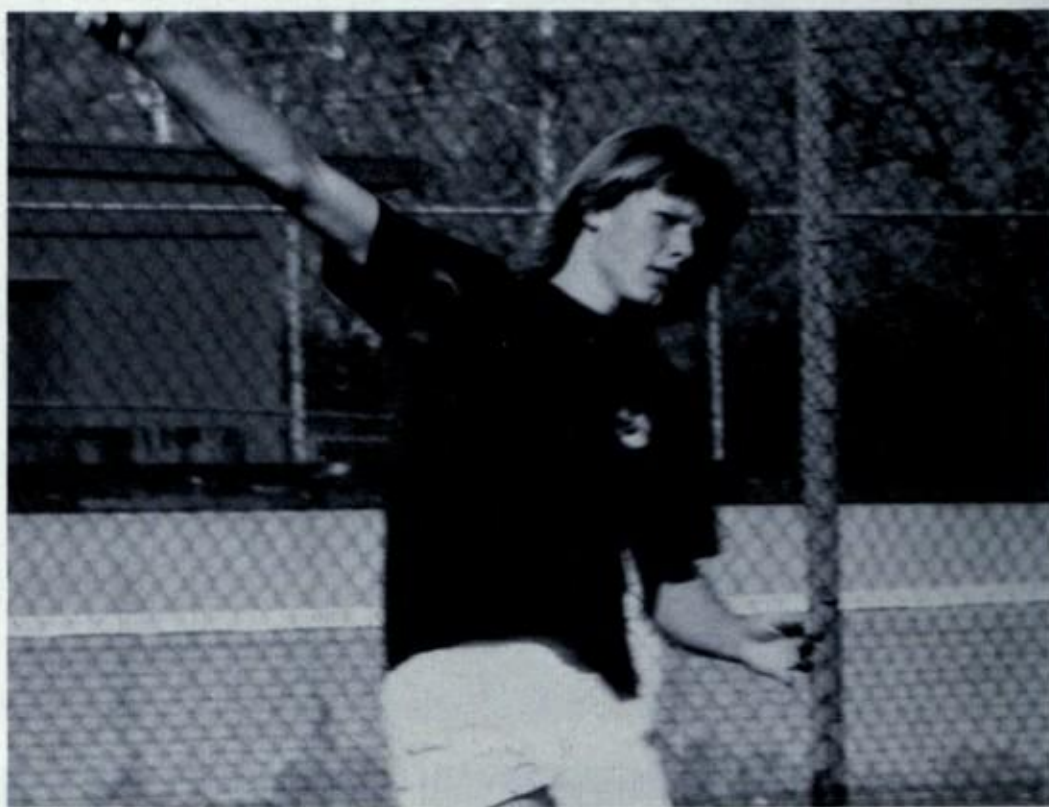

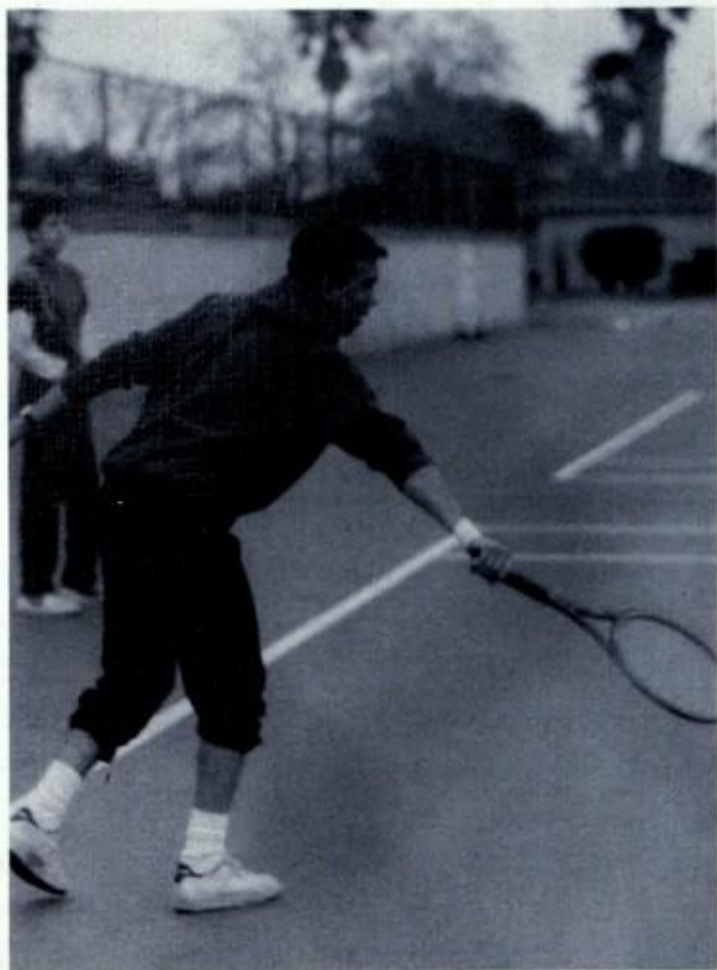

The coaching was another key factor. It allowed the players to be closer to their coach, who could discern their problems.

The high quality of play that was not only prevalent this year, but will also be seen in upcoming years, is due to the large turnout of possible future competitive players.

Taking lessons from Jo F. coach comes to the players rescue.

Afternoon practice gives the team a chance to do better.

Stirring Up A Racquet

Coach Proctor was pleased with how much improved the team was last year, and with all of the players improving their game, the team will be a challenge to defeat this year.

Kenny and teammates get in more practice before Coach Proctor comes out to the courts.

Take A Plunge!

This year's diving team consists of seven divers, but only the best three boys and the best three girls can dive in the meets.

Each diver must learn five required dives before he can participate in the meets.

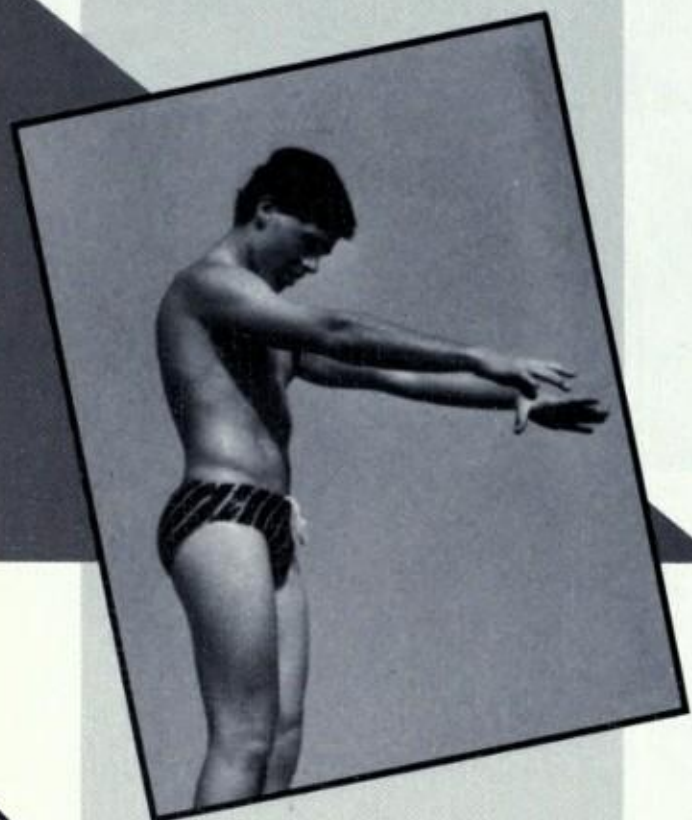

The scores in diving are determined by the level of difficulty of each dive. Each judge will score the diver 1-10 which is averaged with the level of difficulty, and that gives you a final score.

Team L to R: Teresa Bonnerville, Jackie Hughes, Tim Ancell, Nick Day, Stacy Smith, Adrain Mondragon. Not Pictured: Rose Koslowski.

The techniques of this sport has become so varied and elaborated that it is better known as Fancy Diving.

Stroke, stroke! The girls J.V. team was gliding across the pool to start this years victories off. Some are beginners and some have been doing this for years. Either way, they all had great fun supporting our school. These girls are the future Varsity team striving for perfection. Learning the butterfly or the backstroke for the competition of meets.

Practice can be very boring, but as said always: "Practice makes perfect!"

J.V. SWIM

Free Style Relay

Swimming is a sport that is as old as the most ancient records of history.

The girls must go through conditioning. They must work hard since some of the swimmers participate in more than one event. The coach, Peggy Watson, said, "I usually let them swim in the event they want and are best in."

In alphabetical order . . . Melisa Arnholt, Ingrid Brandts, Shelly Case, Nicole DeMauro, Tracy Fickett, Jackie Hughes, Lisa Klockow, Carrie Racey, Jennifer Racey, Michelle Rees, Kimberly Rhodes, Lotte Shoar, Elizabeth Vogler.

Two things must be learned before one should try to swim. They are learning how to breathe and how to stand up in water. Both steps should be mastered in shallow water.

Basic events consist of: Individual Medley, Backstroke, Butterfly, Breaststroke, and the Free Relay.

The start is first. The relays have much competition and though tough, it's fun.

In alphabetical order . . . T. Ancell, J. Arlet, R. Brown, R.C. Brown, D. Bush, M. Cortez, D. Couwenberg, N. Day, A. Delgado, C. Fusco, J. Hazen, D. Herbranson, C. Hillman, K. Hutnageil, S. The rush is on.

Swimming For Perfection

Competition is tough but our boys team is tougher, coming in at 5:30 every morning to practice. The different styles of strokes are the backstroke, breaststroke, butterfly, and free style. The events are Individual Medley, Free Style, Free Style Relay, and the Free Relay.

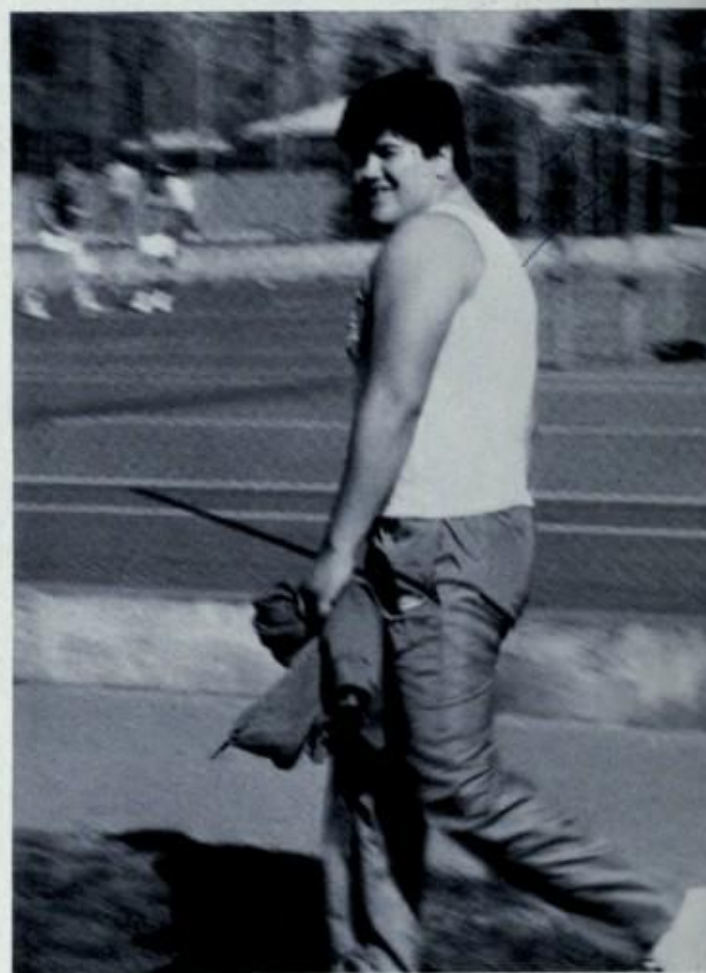

On The Right Track

The Boys Varsity Track team worked hard to make good impressions on everyone. The pole vaulters, long jumpers, and hurdlers all showed terrific leaps and bounds every time they competed. The shotputters and disc throwers were swinging for that extra yard for their victory every time. The team did great work for our school to stay on the right track.

Under the guidance of Coach Palicki, the team gave the track meets their all.

Sue, 

Hey babe, what's up? I'm so glad we've become such close friendz I don't know how I would have survived this year without you. You were always there when I needed you and no matter if I was wrong or right you were always on my side. We've had sooo many fun times together I'll never forget them, like Kings Ball last year (my nails) I'll never forget that. I know our friendship will last forever. Gosh I can't believe we are gonna be seniors. Can you? It's kind of scary!!! But if we stick together we can handle anything! right! I can't wait till this summer, we are gonna party our butts off!!! Cuz that's all we know how to do anyway. cuz we're just a couple of losers! ^{hee hee}! But next year we'll get straight A's!!! ^{yeah right!} I can't believe we only have one more year left to go! What are we gonna do with our lives! Well whatever we do I know we'll have a good time doing it. We'll marry some old rich man and kill him off! yeah! sounds good. ! Just kidding you'll marry Tom and live on a farm with a little white picket fence and I'll marry Todd and I'll live in a penthouse on 5th Ave! right! ☺ Well Sue I guess it's time to start ending this letter. but before I do I just wanna say that your friendship

Pride In Running

The Girls Varsity Track team has enjoyed a successful season under the leadership of Coach Holladay. The team consisted of about 20 girls, due to the low turnout and the loss of some players who graduated last year. There are three classes of runners; distance, middle distance, and sprinters. These girls are strong willed and know exactly what they want . . . victory! With enthusiasm like that they should always succeed.

In alphabetical order . . . G. Acosta, S. Balderrama, J. Bengtson, A. Coker, S. Clark, R. Fleming, S. Fletcher, J. Knight, K. Loomis, A. Lopez, L. Lopez, S. Magruder, G. McClure, K. Olander, U. Sattelberg, P. Sweetwood, L. Taylor, A. Vallier, A. Wesley.

GIRLS V. TRACK

Badminton Soars Over Expectations

After several close and hard fought matches, the badminton team was able to attain the status of one of the top teams in the league. In CIF, the players performed with agility, dexterity, and stamina, shown only in the best players. The team surpassed all expectations and went as far as anyone has ever gone in AL's history. The future success of the team looks promising due to a large turnout of good players with the desire to win.

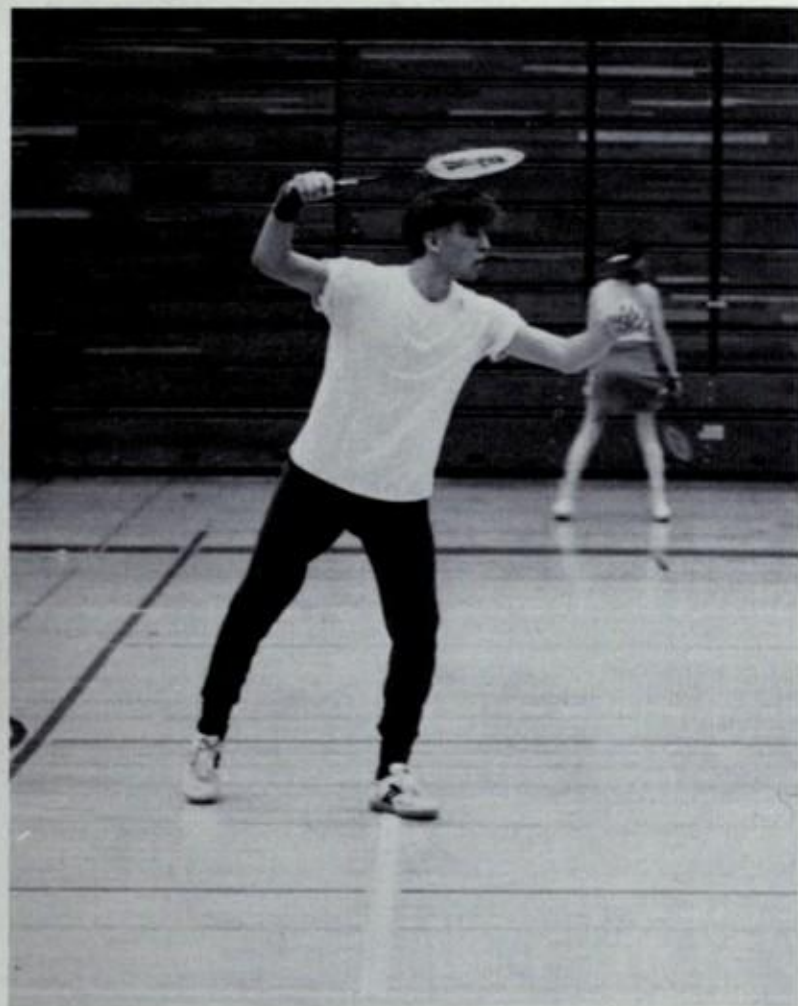

The Varsity Badminton team, instructed by Coach Cook, was able to send several of their players off to CIF this year.

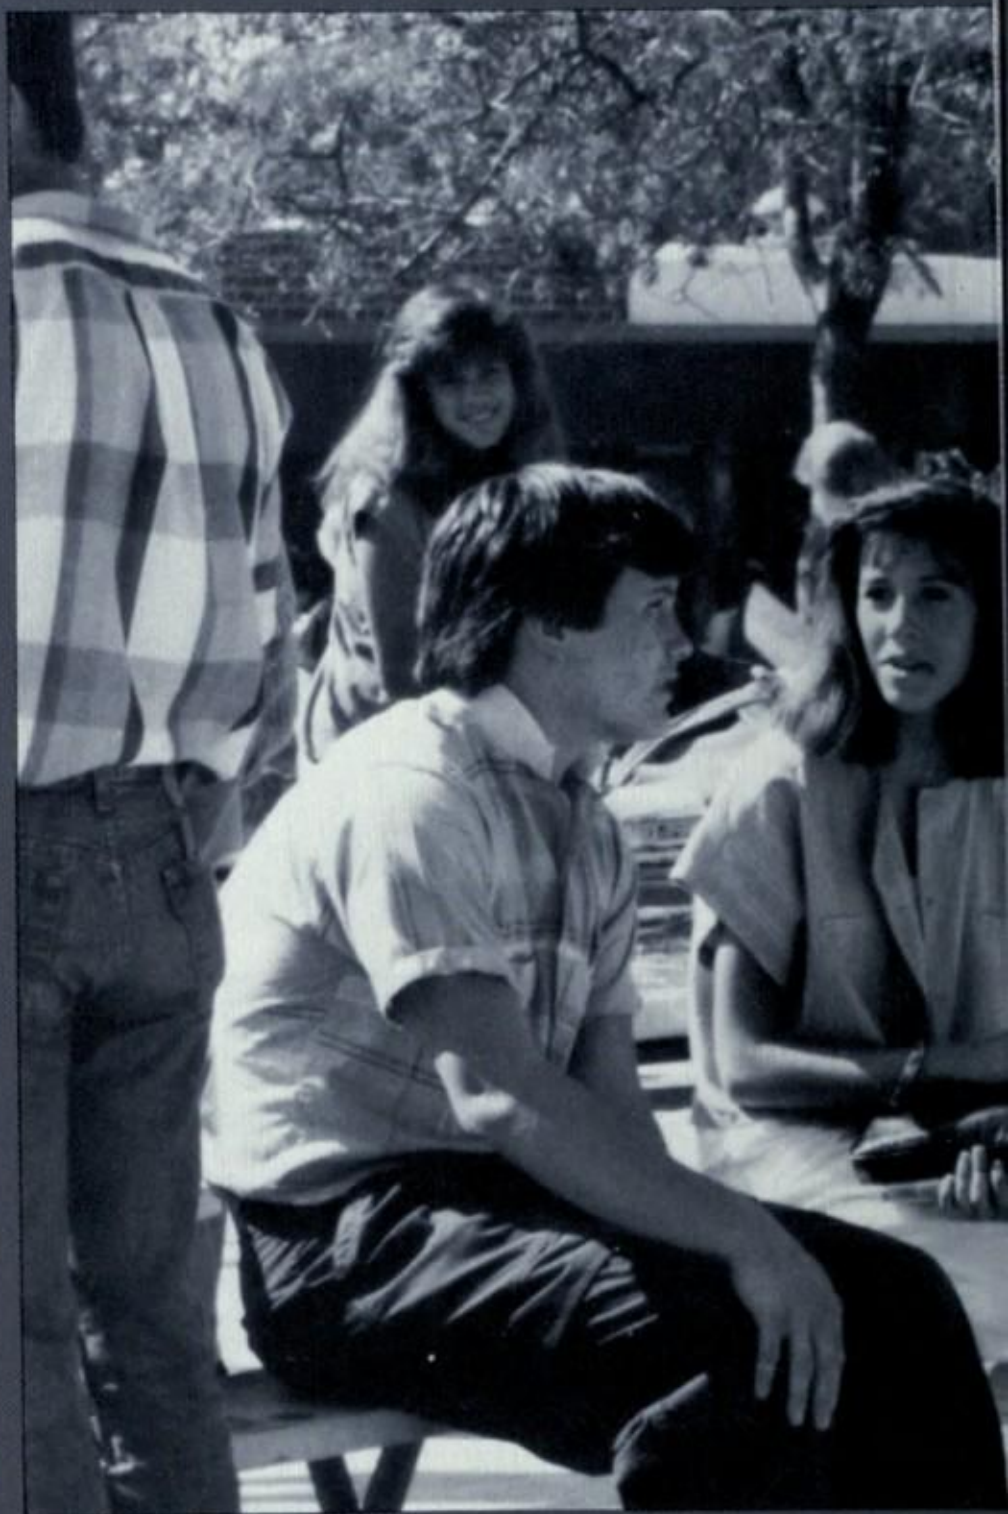

A player gives a few pointers to a spectator while her teammates are busy trying to score a point.

The J.V. Badminton team had an excellent turnout this year and their future looks very promising.

UNDERCLASSMEN

A Place For ... Striving

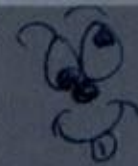

arrying those heavy books, studying for tomorrow's exam, cramming everything into a tiny locker ... Yes this is high school, the big time. As a freshman the journey ahead to your senior year seems so far away. You struggle through the year barely learning your way around campus. Then, poof, it's your sophomore year! Ah, but this time you coast right through. It's just another boring year of school. Junior year rolls around, you get involved in clubs, sports, ASB. You have six classes, you just don't know if you can take it. Then summertime comes and frees you. Now the waiting period comes until school starts again, surprise, you're a senior now!

All underclassmen play an important part; that is to grow up and fix the future problems that we created for them.

Susan
 Hey babe!

A Place For ...

fun person to be around + we have to do something this summer. Kay? Stay out of Juniors trouble + remember to ... TAN YOUR * BUNS OFF! Love ya, Julie Barreda

A

s a junior you feel as if your life is going faster. Just yesterday you were a freshman and now you're a junior. You've struck something big now! You become a strong member in school club, maybe even an Officer. Popularity hits the screen. Everybody knows you and your accomplishments. You are sitting pretty. Ah, but you still have that history class to get through, and what about that English test? Don't worry, you'll survive. You have to because next year you graduate!

Gosh, we're almost there. Can you believe that this is really it, we only have one more year to go! I think we'll make it.

Susan,
 Hey babe!
 Well sue, we've been through alot, and we've even made through English. Sue, I'm so glad that we are close again. I miss our friendship so much. We better stay close. Thanks for being me through the tough times this year! Thanks for always being there for me. You the best! You better call me during the summer (K-)
 Chloey,
 Julie

JUNIORS

A Place For ... Sophomores

A

s sophomores it seems like you've really hit the big time. You try out for a few sports and maybe join a club. The workload gets a little heavier now. All this is preparing you, however, for the fast, fun, and frantic times of your junior year. But for now you tread along surviving the year long enough to come back again next year as a junior. Your classes seem o.k. and you might even have kindled a romance! Ah, now your sophomore year has ended and the next adventure lies just ahead.

I think I'm going to like this. It's starting to get a little fun. Cheering is one of the best ways to promote our school spirit.

A Place For ... Freshmen

A

s freshmen you started a whole new part of your life: high school. This is it, no more raising your hand to ask to go to the bathroom or answering "nothing" to mommie's questions about what you did in school today. Now it's time to start maturing, there is no more playing around. But soon the year comes to a close and you pat yourself on the back just for surviving as a freshman. Oh but now you must move on, for your journey is not yet over, now you become a sophomore.

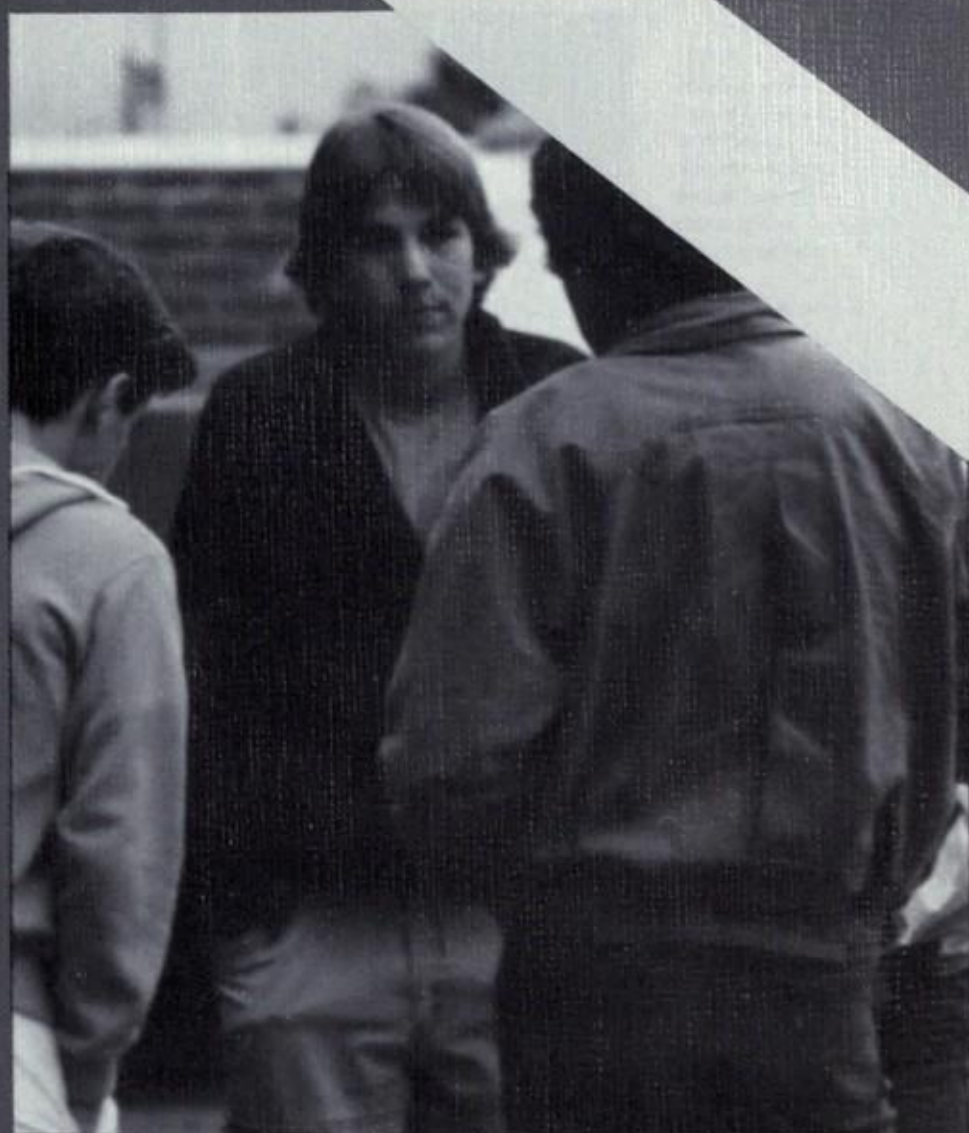

We started out all confused, but now we're slowly getting the hang of things.

Why are things, such as high school, made to be so complicating?

The "Decathletes" from the Academic Decathlon. ASB tries to agree on a solution to a problem.

Excelling

Mr. Kelley makes the most of his classroom time.

Surprise! Mr. Grasso!

Jim Shean wonders what is so important about the story he is reading in English.

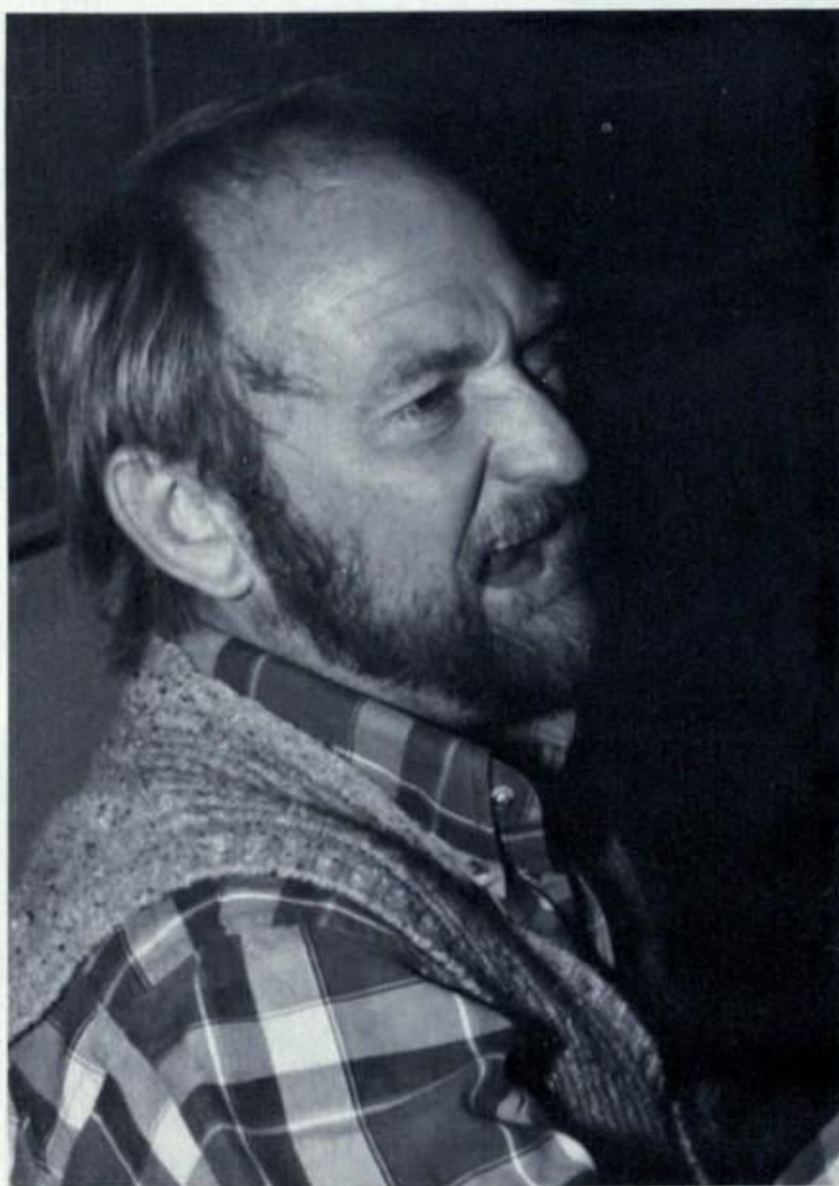

Some students have not realized the full purpose of school. It is not to chain us to a desk for seven hours but to teach us to become more productive people in society. Moreover without education, society would slowly deteriorate over time.

Academics is very important to a student's life. Without the skills that teachers give to students they would have a hard life ahead of them. Fortunately for us, Alta Loma offers a wide variety of courses and activities to help us plan for the future.

On the following pages is a representation of the academically oriented subjects that deserve the recognition given.

DIVISION

A Place For ... Educating

Here's what the student records' secretary Jan Showalter and Career Center's Carolyn Barnes do on their breaks. Cheer up Mr. Palicki, it's almost the end of the day! Betty Butts sorts out the many requests from teachers for A.V. equipment. "Are we having fun yet?" asks Ms. Courey. Mr. Castro contemplating on how few truants his students have. "Can't you wait till I smile David (Capocci)?" Mrs. McCausland waits patiently.

FACULTY

A counselor's job is to assist students in making the maximum use of learning opportunities, and help students deal with educational, social, and personal problems. Counselors advise students regarding course selections and school registration in order to meet graduation requirements and counsel them regarding post-high school pursuits, including college requirements, financial aid and vocational opportunities.

The counseling staff are the most popular of all the faculty. The students are really lucky to have adults who are so dedicated to their work. So here's to the counselors, who make Alta Loma A Place For the heart.

Counselors: Joan Eisenhart, Art Castro, Neen Patterson, Paul Sage, Bill Vermilya, Carol Johnson.

he Business and Career staff are a very important addition to the school curriculum. It is here that students are taught basic skills for surviving in the working world. In accounting class, for example, students learn to write and endorse checks and are also taught how to balance a household budget by writing bank statements and keeping a record of transactions over a one-month period for a phoney budget which they are given.

In typing and shorthand classes, students learn other very important skills. They are taught how to type business letters and do other such secretarial work.

Without this team of teachers, students would not be prepared for the challenges of the real world.

"Here's your budget for this month Michelle (Rees)," Mr. Bonser says to one of his students.

FACULTY

etter from the editor:

I would personally like to take time out to thank a part of the faculty which goes without the valuable recognition they deserve each year. The team I'm referring to is, of course, the library staff. Each year, they start in early August, before all the other teachers, to check in, record, and mark all the new textbooks that the school receives. Afterwards, they issue these books to the teachers. On top of all this work, they handle newspapers, magazines, shelving all returned books, give students aid in finding information, and many more time-consuming tasks. It is also their job to care for and issue all audio-visual equipment. They deserve a lot more thanks than these words can give.

n important part of a student's education are the math skills which are taught by the math department. In the beginning, students take Pre-Algebra, to prepare them for the various kinds of problems they will encounter in future classes. In the next class, Algebra shows students many ways in solving equations and word problems. Geometry offers the student a change of pace by teaching important logic skills through proofs and by analyzing different shapes and forms. Students then jump to an advanced algebra class which take their skills a little further. The real challenges come when the student takes Trigonometry followed by Calculus which offer real life applications for the skills they learn. All this is made possible by Alta Loma's math department!

he secretaries of this school are very important. Just by looking at a list of their duties, it is difficult to imagine the running of the school without them.

The most well-known of the school's secretaries are those of the counselors. Not only are they responsible for keeping attendance of all the students, they also enroll new students and drop those that are transferring to other schools. They make appointments for the counselors, contact parents about truant and problem students, and handle schedule changes.

All the secretaries of the school have very important responsibilities to perform. Without these important people, the school simply would not function.

Thanks secretaries!

FACULTY

The Class of '86 has had its time in the spotlight as the "Mighty Brave Seniors" during the year. Close behind them follow the Classes of '87 and '88. Somewhere down the road, the Class of '89 struggles to establish itself as a viable group in the high school scene. Thus it has always been. How long a road it seems to be from a position of the freshman looking ahead. In May or June of the Senior year the road back looks very short by comparison.

From my experience of three score years, I can tell you that the road back to July, 1979, when I came to Alta Loma, looks very short. Life is like that. Time and tasks accomplished shrink in their power to intimidate, and the time ahead becomes the focus of thought and energy. We cannot change the past. The future is always full of hope and prospects.

To the Class of '86, my word of congratulations for a road run to completion. To all of you a word of advice: Plan your future so that it generates lasting satisfaction as you experience the road. May the view back over your shoulder show a road of which you can say, "I'm glad I traveled that way."

Principal's Message

Mr. Rayburn assists faculty members in the library. He also guides students during voting. "Now let me get this straight . . ."

Mr. Rayburn is A.L.'s principal and coordinator of the total school program

including academic, social, maintenance, faculty, and public relations. He must also maintain contact with the district office and other schools. Principal Rayburn says that he enjoys his job for the most part. "The staff and student body are very cooperative and are a friendly group of people," he stated.

This year however, Mr. Rayburn decided to retire from his job. In the school year of '86-'87 there will be another person to take his place. His decision affected everyone. On behalf of the yearbook staff along with the student body I would like to thank him for all the hard work and dedication he has put in. Without his efforts the school would not be what it is.

N/P Nadine Morbete and Kara Tsia-peras.

These students have proven that they are worthy of this honor through each one's special achievements.

CUM LAUDE

Earning the Credit

In June of 1982, the Cum Laude Society replaced the traditional Valedictorian and Salutatorian honors. The Cum Laude Society recognizes the seniors who have maintained high grades in the college preparatory or honors classes, throughout seven semesters of high school. Cum Laude is based on a point system. A total of 95 points is necessary to qualify for Cum Laude. To earn the 95 points, the students must take the minimum college preparatory or honors programs: 3 years of English, U.S. History, Government or Contemporary Issues, mathematics, 1 year laboratory, 2 years of college preparatory, and 2 years of foreign language. A grade less than a "c" in any course may disqualify a student from membership. The members of Cum Laude will have their names noted on the commencement program, and will have "Cum Laude" on their diploma and on their transcripts. The members also receive a special certificate at the Annual Honors Award Program. The members select a member to speak at Graduation.

Honoring The Honors Classes

HONORS

he entire 1985/86 ASB group participated in a number of activities this year. Each individual class sold various items such as candy bars, spirit ribbons, and football game programs to raise money for their graduating class. The Senior Class prepared and organized the homecoming dance and half time presentation at the game along with King's Ball. There were also many stag dances held on the campus sponsored by individual classes. Many committees and organizations were designed in ASB. The group mainly focused on events and activities that the entire student body could work on as a whole.

Angie and Brenda pay close attention at the meetings. Mike Vogel tries to get organized in the crowd. Aimee Suter turns just in time to be captured on film.

Get Involved!

Mrs. Hogue seems a little surprised by our photographer.

ASB members, such as Julie Young, helped out at the blood drives as part of student activities. School spirit has risen greatly this year partly because of the efforts made by ASB.

ASB

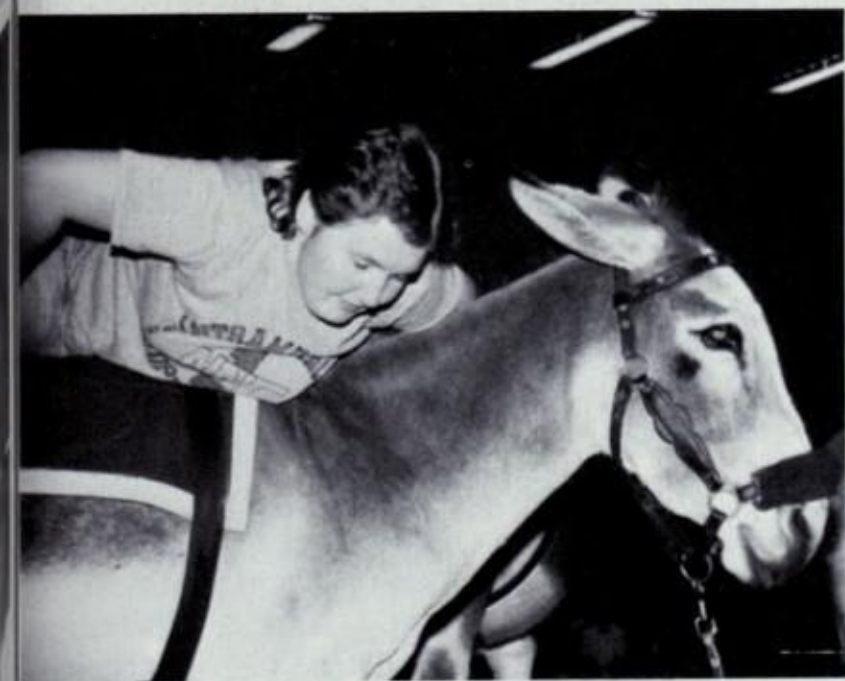

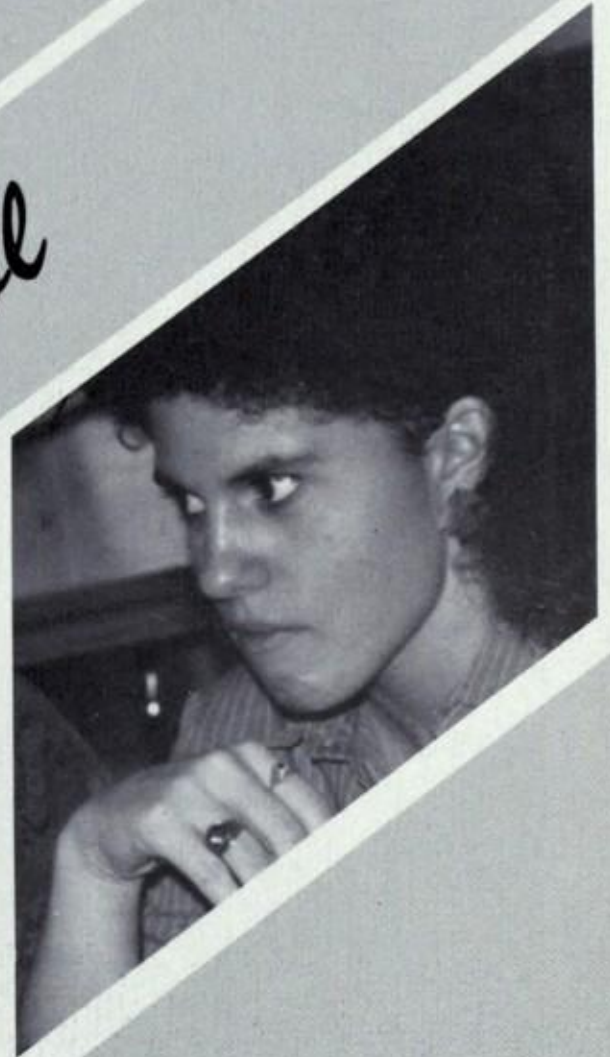

The '86-'87 ASB members are . . . President, Lara Petrocelli; Vice President, Julie Schneidewind; Secretary, Allison Pritchard; Treasurer, Jennifer Lambert; Social Chairperson, Nadine Morbete; Ad Manager, Janet Knauer; Pep Commissioner, Cari Ervin; Honors & Recognition, Pam Ashby; Boy's Athletic Commissioner, Chuck Jackson; Girl's Athletic Commissioner, Stephanie Montalto; Elections Chair, Chelle Younger; Performing Arts Rep., Traci Bailey. Heart Of The School

ASB

Members of the Band Boosters Club have the enormous task of monetarily supporting the band in all its forms, from Jazz Band to Marching Band, with the help of ASB funding and their own efforts at fund raising. Its elected officers are Yvonne Frame, president; Dave Horn, vice president; Mary Dahn, treasurer; Pat Hotchkiss, recording secretary; Barbara Karakas, corresponding secretary. The fund raisers that the Band Boosters have had include hot dog stands at soccer and football games, car washes on the weekends, rummage sales, paper drives, and a candy bar sale.

The Band Booster Club, another Parent Support Group, is seen in action. They help load and unload instruments into the ALHS Band's van for performances. Mr. Al Rhodes is the advisor for the California Scholastic Federation.

Smarts N^o. Music

he California Scholastic Federation is comparable to an honor society.

Its purpose is to recognize students with outstanding grade point averages. Being a member of CSF is a positive addition to transcripts. In order to qualify for CSF, one must have a certain number of grade points. Special awards are given to students who have participated in CSF four out of six semesters in high school. CSF advisor Al Rhodes said, "I would like to make more people aware of CSF so that those who qualify may participate."

he PTSA (Parent, Student, Teacher Assoc.) meets once a month.

Some of the main functions put on by the PTSA are a teachers banquet and an honors banquet for exceptional students. The PTSA also gives out scholarships to award the hard work of students. The president of the association is Beverly Agnoletto. Other functions also include paying for the engraving on trophies.

Do you ever wonder who pays for the sports here? The school and State funds pay for a very small amount. The Athletic Booster Club deserves the credit for keeping the sports program alive. The main part of the money comes from the Bingo games held weekly which they sponsor. Fund raisers such as car washes and carnivals also help make more money.

Here are some highlights of the Parent Support Groups' (PSG) year.

Help The School!

n important part of our education is learning about other cultures. There is no better way to do so than through experience. That is what these students are doing. They have come from abroad to experience first hand how life in another country is.

At first they feel what is called a culture shock. They just entered into a whole other world. Here they are born again because each must learn everything over again. They must grasp our language, adjust to our customs, and understand our traditions. These students deserve a medal for courage just for attempting to learn about another culture first hand.

To Brenda, Alethia, Cari, Kevin, David, Cal, Andre, all of the Sr. Class Officers and all of my past and present teachers, and everyone in my Honor's Classes.

Thank you for all of your support, love, and patience that you have given me in the past and present!! We've all been through good and bad times, tall and small problems but we've made it - together!! Special thanks to my sister (Rachelle), mom & dad, and the bestest friends that anyone could ever have - Brenda Brown. Friends I've ever shared all of the same classes and activities since freshman year. So why did it take us two years to become best friends? I want all of my friends to know I am going to miss you all!! Oh! BREN it's going to be great to be rivals. UCLA & USC here we come!

Thank you
God bless
I LOVE YOU ALL!

his year has been a tremendous challenge, both for making a yearbook and graduating. Without much of the help we've received throughout the year from faculty and students, we could not have made it. Thank you to the teachers for giving us the skills to tackle the real world. Thank you to Mr. Rayburn, the administrative staff, and the counseling staff for helping us to grow up with a good education. Thank you to the library staff for having the patience and the kindness to work with us. A final thanks to our parents who kept us going when we wanted to quit, were there to console us in times of sadness, and were there to praise us in times of achievement. Now we can truly say that Alta Loma High School is a place for . . . love. David Capocci, Editor
Doris Denny, Co-Editor

A special thanks to the people who helped make this yearbook special. Mrs. Vera Smith, Activities secretary, who was always there, Susan Elston and Tina Smith, Student Store, and Frank Chavez, our representative, and Teepee Times for their help with copy writing.

Susan Fino,

I didn't want to write you
 more so I didn't. Even though you
 are short your still nice. Its
 been nice to saydon. I hope you
 have fun next year. I will come
 back and visit the underclassmen.
 Have fun this summer because
 I will. I hope you can read this.
